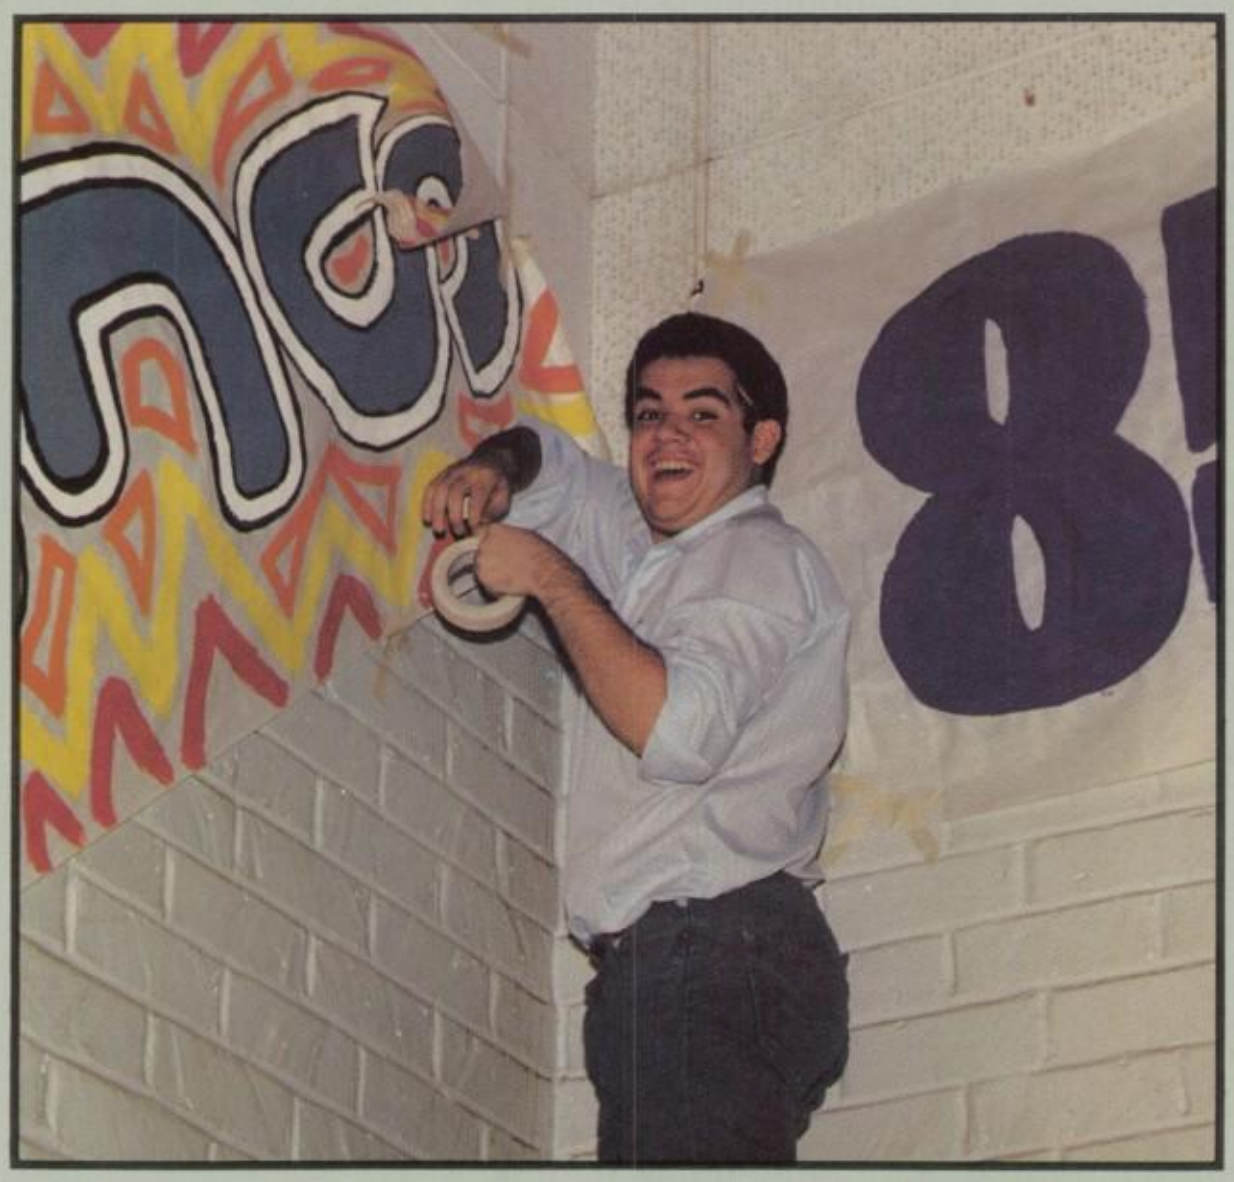
HIGH FREQUENCY



Frequencies: a channel; also a group of channels used for the same general purpose.

Every class frequency was on high as the Don Radio Network commenced broadcasting during the fall of 1984. As the 84-85 season beamed through El Rancho, some new voices were heard over the sound waves. While commercial radio was blasting the latest in music, the Don ghetto blasters were reproducing sounds of a different nature.

The Welcome Assembly gave the sophomores and freshmen their first chart success. Their celebration was short lived as the senior class kept its vice-like grip on the class pep rallies for the second season in a row. As a result, the seniors went completely stereo.

In other competitions, the seniors and sophomores tried to raise their class rating in an extremely close can food drive that resulted in the seniors' fifth chart success of the year. Throughout the rest of the year, the Don Radio Network transmitted "The Greatest Homecoming on Earth", an outrageous Powder Puff game, a romantic Winter Formal, a successful Prom, and an assortment of audio memories of the Don audience.

Frequencies are not just limited to radio technology. The class frequencies were diverse and unique. All the way down the dial, you were sure to tune in to something loud, crazy, and memorable.

Por El Año invites you to relax and tune in to the audio-visual sensations of the 1985 edition of the Don yearbook, properly named "...AND THE BEAT GOES ON!" Throw on your headphones and flip on your senses as you go on a stereophonic trip through space and time.

As you turn the phonic pages of a year gone by, feast your ears on the various stations throughout the book. Tune in to the sports report or the seniors in stereo. Flip the dial and catch the freshman frequency and hear the singing sophomores. Adjust the antenna and pick up the activities signal along with the junior show of stars. Continue twisting your radio tuner and hear the latest in faculty, ads and other pictures of 1985.

SOUND WAVES

While most of teenage America was strung out with their headphones and ghetto blasters, El Rancho students were charting in a different area. Amidst forecasts of Purple Rain; invitations to the pleasuredome, and the arrival of the Jackson's Victory Tour, the Dons were achieving some notoriety in new areas and retaining respect in others.

El Rancho's Academic Decathlon team endured ten grueling mental events and placed in the top fifteen of forty-seven schools that had competed. A Special Note: they defeated all area schools thus keeping alive the year El Rancho toppled all rivals from their perches.

Success touched almost every organization on campus in its own way. 1985 will be the year that the Don student body antennas were beaming signals of success all over the air waves.

Ursula Ulibarri-Senior Class President

I thank the Class of '85. A special thanks go to Mr. Wlasick and Mrs. Reyna, our two advisors. As a class, we always came through during class competitions. I believe we are the most spirited class that has been around the Ranch in a long time. I hope you had a great time here. I also hope I made your Senior year fun and worthwhile. I really loved my job being Senior class president and I wouldn't trade it for anything. May all your dreams come true in life because you are all worth it.

Sincerely,

Ursula Ulibarri

The Competitive Edge

The concept of inter-class competition is promoted on this campus because it adds excitement and contributes to school pride. One might think that as the high school student grows older, he or she outgrows the urge to compete against underclassmen. Not so! As Mike Jimenez demonstrates during the Homecoming games, the Seniors are prepared to go to any length to keep that competitive edge.

The Rewards Of Being A Senior

So, what's so great about the last year at the Ranch? Well, I'll tell you, there are many things. You now know the system inside and out and that in itself relieves you of much anxiety. Maybe that varsity sport is finally within your grasp. Or better yet, possibly you have been selected to be the captain, the spokesman for the team. You might be the head of a pep group and take an active role in the shaping of the rest of of the squad. Maybe the pinnacle of your academic efforts is being in the top 10% of your class. You might even achieve the honor of being the valedictorian.

Let us not forget the most important thing about being a Senior. It is simply this. You can finally see the light at the end of the tunnel. The goal of graduation is in sight. Now you can take the bows and receive the accolades for which you have worked since you began school. Bravo!

Symbols Of The Ranch Remain With Us All

Pride at El Rancho is displayed in many different ways. Some join sports and others attend pep rallies and football games, and others show it through their academic efforts. How ever these are only a few of many ways in which love and pride is expressed for this school. Other people even put their hearts into their work by going to the extent of creating projects for El Ranch. They make memorabilia which they will keep and cherish forever. This is the kind of pride that every school needs. And here at El Rancho it is always found. That is what makes this school very special.

Rah!

There is more to a pep rally than just a cheering crowd, Many factors as theme, cheers, and just plain excitement create a successful pep rally. However, there is one part, other than all the other decor, that reflects the true spirit of a class. One such class who uses more than the usual its big, bold signs.

The Senior Class has created a reputation as the class with some of the most creative and interesting signs. Signs, as it turns out, are one of the most important parts of a pep rally. Slogans are important in intimidating the other classes. Signs are a tip-off in determining how far a class will go to win a pep rally. Signs range from cardboard hand held signs to huge paper creations with menacing slogans such as "When Classes go to War, Only Seniors Will Score!" Never underestimate the power of the painted word. Just ask the Seniors. They won two consecutive pep rally seasons.

The class with the most signs usually dominates the pep rally.

Sounds Of Patriotism

1984-85 was more than a successful school year. Students were faring better academically, and were supporting school activities with more heart. But something else was occurring, not only in El Rancho, but all over the United States. Patriotism finally touched the hearts of the people in our nation.

This surge of patriotism began during the summer of 1984. Los Angeles was hosting the XXIII Olympiad and America was hoping for U.S. athletic domination. They were right. As American athletes won more and more gold, people became prouder and prouder. Some have speculated that the rise of patriotism is just a trend. When the Senior Class yells to make students stay and sing the Alma Mater, when the majority of the student body remains still for the National Anthem, who can say this is a trend? If it is, it is going to be a long-lasting one.

The Class of 85 takes time out to show that along with dedication and hard work, the Seniors know how to enjoy themselves. Many would think that the Senior year is all work and no play but that is not so! The Seniors have shown their excellence in all-around school spirit. It helps to keep a strong and positive attitude in your school and the Class of 85 did not crumble to the pressures of being Seniors. Their "flexible" attitudes between work and play have proven that the unconquerable Seniors have come a long way.

Is There Life After The Ranch?

The pinnacle. The top of the heap. With three years behind them, they came into the Senior year the Dons of the Ranch. Now they could look with tolerant amusement to the terrified underclassmen peeping around corners and tiptoeing in the corridors. How far they had come from those days. They were taller, stronger, much more educated, and much less frightened. Less world outside just waiting its turn. This period of time is also time to think about the next step in life. Where will they go? What will they be doing? Graduation will be their final performance as the youth of today.

You Don't Need A Title To Be A Leader

Leadership is an elusive commodity for most underclassmen. This is not so for the Seniors. They too have their class officers, but as elder statesmen of the Ranch, more of these upperclassmen get involved in school activities. They are not afraid to get out in front of the class and provide direction and entertainment. That kind of dauntless behavior comes with maturity. To put on a costume in order to promote a theme is very daring. Our Seniors are not afraid to take chances. Because they are risk takers, their futures will be exciting and challenging.

Helping with the night pep rally leadership is Mike Rubalcava.

Apprehensive Or Carefree Is There Life After High School?

Brian Zinke gets the best seat before the Welcome Assembly begins.

So, now you graduate. Is there reason to be contemplative or is it strickly a time to celebrate? There are some important decisions to be made. What college do you attend? What is your course of study? What kind of job do you look for? Can you afford to live on your own? Do you now need to take over the full responsibility of your transportation costs? Now is the time to be thinking such thoughts. But they don't necessarily need to dominate your last year of high school. This is it before life in the real world starts. So kick up your heels and live a little.

Doers Need Watchers

When it comes to sports, attention is always lavished on the players. Although they do deserve it, there is one factor that goes unnoticed. This key ingredient is sometimes a major reason for a team win. This factor is known as the spectators and they do more than sit and watch.

When a spectator buys that ticket or has his/her ASB card punched and enters the stadium, any team can be reassured someone is supporting them. A spectator cheers when the team does well and expresses his disapproval when a referee makes a bad call. Spectators give the team morale, encouragement, and the incentive to go on, even in the face of defeat.

Let's hear it for these unheralded people. For without them, sports mean nothing more than uniforms, screaming coaches, and battle-weary athletes.

Lupe Navarro, Karen Bastardo, and Emma Gomez are very enthusiastic about the football game.

Mona Torres jumps to the finish line with Senior style.

1985. While everyone was busy analyzing George Orwell's predictions, El Rancho's Senior Class of 1985 went on a hit-making attack that was unmatchable. 1985 meant a lot to these boys and girls of the Senior Class, and with that in mind, Por El Ano counts down their favorite moments during the 1984-85 school year.

Pep Rallies-The Class of 85 continued their dominating grip on the competition pep rallies for the second year. One outstanding release was their rendition of "Senior Mardi Gras" at the night pep rally.

Homecoming-"The Greatest Show on Earth" entered our gym. As the three lovely Senior girls were selected, Senior excitement went to fever pitch. And while we're at it, Varsity Football won their game and scored another hit!

Graduation-Le Grand Tour comes to its timely end. Amongst a group full of teary eyes, the Seniors take their final bows and sing the Alma Mater. And now everything is coming to a close. The days of Prom formals, card board signs, and streamers are just photographic memories. Remember those days! You were the top act in the Don Industry.

Boys X-Country: Champions Of The Fast Lane!!!

Almost a year has passed since the Olympics brought forth a new generation of runners for high school athletes to emulate. While Carl Lewis, and Edwin Moses brought home the gold, El Rancho Varsity Boys' X-Country would be training in the early morning hours. One could see these boys running eight to ten miles a day. Their endurance and determination would result in the most successful X-Country season in recent memory.

This years Boys' Varsity Cross Country team repeated their undefeated record of last year. The team gave it all they had and it paid off at the end. Their demanding schedule was beneficial as they ended their season with their Whitmont League Champ title. This marked the first time in many years that the boys would compete in the CIF finals. Their excellent performance at the finals has established El Rancho's team as one of the finest teams in Southern California. Other highlights included, fourth place at Craig Park Invitational and first place at Bell Gardens Invitational. Senior Mario Zamarripa, captain and most valuable player, set an El Rancho school record for a three mile course. Zamarripa also broke the Whittier College hill record. He was also the undefeated league champ. Three boys made it for all league; Mario Zamarripa, Rene Estrada, and Andy Casillas. Mike Goff and Sergio Vegerra were coaches.

(L-R) Ready to start the three mile run are Ben Amador, Sammy Gutierrez, Rene Estrada, and Andy Casillas.

Sammy Gutierrez strides with only a mile left.

Girls X-Country Whitmont Champions Without A Doubt

This year our Girls' X-Country Team dominated the Whitmont League by remaining undefeated throughout the season. Each day, beginning with summer vacation, the girls would run various courses. Over 200 miles were eventually logged when the season ended. Hard work and dedication were the keys to success for the girls. The team knew the tough challenges they were going to face in their quest for a repeat league title.

Together, this year's team members arrived at every meet with prideful and positive attitudes. They supported each other through all the races and shared each other's pain. Provided with the leadership of captains Olga Juarez and Alma Zacarias and the guidance of coaches Mike Goff and Sergio Vegerra, the team was able to accomplish their desire to dominate the league. 1985 was truly a memorable year for the girls of the X-Country Team.

Alma Zacarias stretches to her extreme.

Everyone who supported the 1985 Varsity Wrestling team noticed their spirit and pride. That pride along with effort, confidence and team attitude helped them to become very successful. The team competed in many hard matches, but always managed to end up ahead.

Two of the many seasonal highlights occurred during the El Rancho Varsity Tournament when the team clinched a 33-32 win over Pioneer and a 8-0 record for the sixteen team tournament. These highlights might not have been possible if it was not for the capable leadership of team captains Scott Phipps and Paul Arellanez and team MVP Alex Zorilla. The wrestlers ended up with a 3-2 league record and a 23-7 overall record thanks to the superb supervision of head coach Nick Caputo and assistant coaches Ron Ybarra, Steve Araujo, and Vince Serrato.

Girls Varsity Volleyball Pursuing Perfection

Once again the girl's Volleyball team entered another year with a positive attitude. Although they did not reach some of their goals, the girls created a standard of pride and spirit that followed though the season.

Leading the team was captain Lisa Van Cappelle (also chosen M.V.P.) She kepted them together in the face of defeat and in the thrill of victory.

In her 1st year at the Ranch, coach Berardi took the responsibility in getting the team together and ready for the season.

1984-85 was a learning and building year for the girls. They used a new offense that was very unfamiliar to them. Yet, the girls were never lacking in effort as they displayed great hustle and toughness on defense.

Although with some tough teams and close calls, the girls Volleyball team ended with a sense of accomplishments and hopes for a stronger, victorious '86.

Once again the boys' varsity volleyball team entered the season with a positive attitude. Hard work and team effort led to exciting wins over other tough league teams. Captains Ben Rico and David Mendez led their team with aplomb. Some of the team's strongest areas were in setting, hitting, and serving. Blocking and communicating with team members during the game showed great imrovement as the season progressed. Highlights of their impressive season was a fifth place finish at the Redondo Beach Tournament. Coaches Steve Araujo and James Mendez commented on the team, "The are probably the best team El Rancho has produced in a while."

You Just Can't Stop That Don Machine!

One of the most exciting and spirited activities of the Don school year is the football season. The pep rallies, Pepsters, Marching Band, and Drill Team are all part of the football season. However, all of these groups momentarily fade into the background when the outstanding Don players run onto the field.

El Rancho has a football team of which they are justly proud. Each player is honored and respected by his teammates. We should appreciate them for their contribution to the athletics of El Rancho. This year's team had all the makings of a contender; spirit, power, sportsmanship, teamwork, and above all, the best coaching staff possible headed by Dan Peterson and assistant coaches Mike Forge and Steve Hartman. One of El Rancho's many seasonal highlights came when they soundly defeated Whittier in the Homecoming Game. Another highlight occurred when they made CIF led by the able leadership of team captains Alfonso Jimenez, Alfredo Jimenez, and Gil Garcia. The MVP was Gil Garcia, while the coaches' choice was Alfonso Jimenez. The Most Improved Player was David Cruz. The team tallied up six wins and six losses.

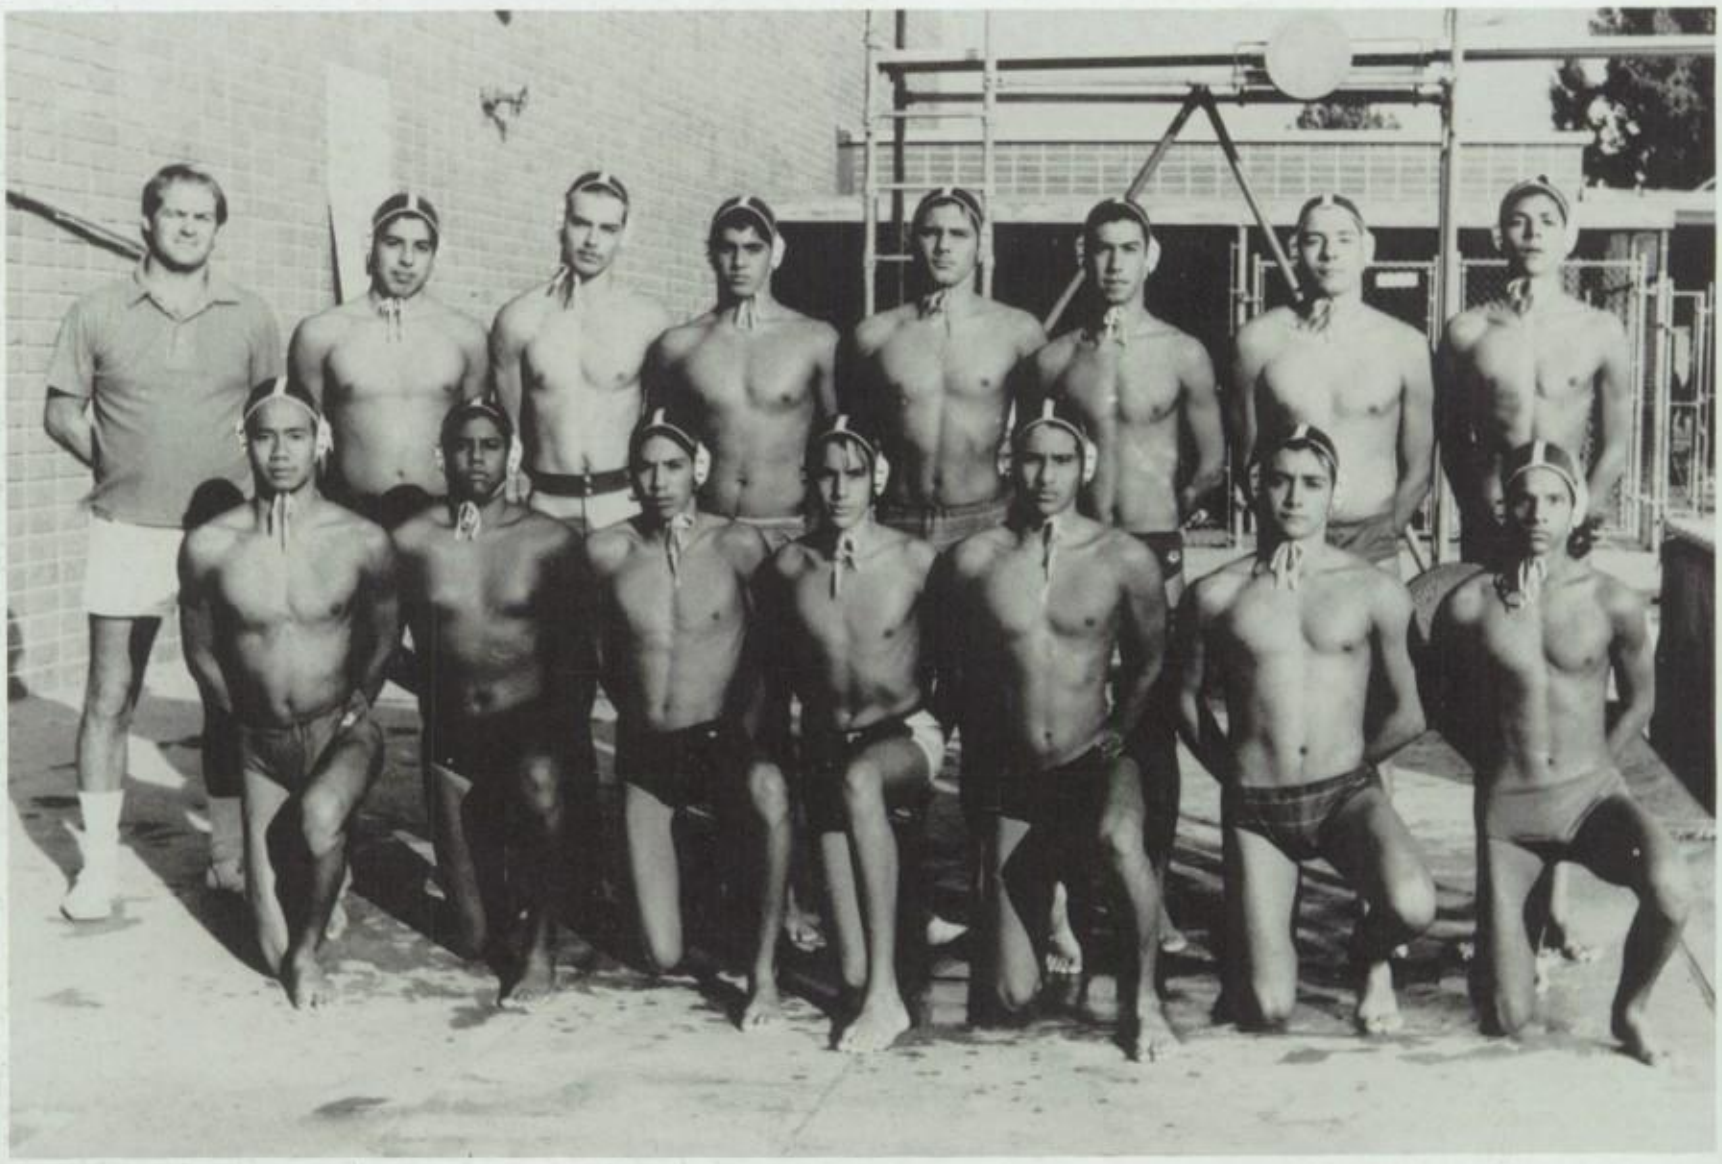
H_2O Polo: Success And Second Place In League



(bottom row L to R) Vinh Le, Shawn Ramirez, Rick Villapando, Paul Ortiz, Dennis Gutierrez, Eric Delgadillo, Scott Phipps, Robert Carroll, Jose Serrano, Ramiro Juarez, Javier Robles, Steve Brito.

This years Water Polo Team Coached by Mr. Dan Marshall, and Mr. Jim Dyson, splashed their way to a very successful season. All the members were highly committed to work strenuously all summer long just to reach their single goal, the CIF playoffs. This hard work resulted in beating last years Whitmont League Champs, Santa Fe. This victory allowed the team to make CIF and take second place in the league. The team was led by Robert Carroll, and Ramiro Juarez. Highlights of the 1984-85 season: winning the consolation championship tournament at Montebello High, Robert Carroll making history at the Ranch by being the 1st all-CIF player along with being named M.V.P. The team closed out its season with a record of 5-2 and with the over all record of 15-8. Quite an accomplishment for a team who was ranked last place in the league. At the end of the season as coach Marshall stated, "What we've done in a year is outstanding."

This years' Boys Varsity Basketball Team participated in an action packed league. The 1985 team was an exciting group to watch. There was never a dull moment. The season was truly filled with a lot of "might-haves." An injury or two less, a point or two more: it was one of those. No one can fault this group for lack of effort, for they scratched and scrambled all season long. The squad experienced many seasonal highlights, which included victories over the first and second place teams, Whittier and Bell Gardens. Additional highlights occurred when the team overcame a ten point deficit with a minute and a half to play to defeat Santa Fe 75-72 and a twenty-five point romp over Calhi. Coach Joe Osterman commented, "I am extremely proud of the team." Assistant coaches Jim Dyson and Ray Ogas, along with team captains Ben Rico and David Mendez contributed greatly to the team. The MVP award went to Ben Rico, while most improved went to Isaac Villareal. Coaches' award went to Kenny Maestas. The Varsity team ended up with an 8-6 league record which gave them fourth place and an 12-10 overall record.

El Rancho's women of the court created quite an exciting season. Disappointed by last year's season, the girls were determined to gain success. They dedicated themselves to the 1984-85 season. Their quest began with the summer basketball league. Coaches Sonia Farrell and Gary Lovett drilled, conditioned, and fine tuned their team's skills. Hopes of delivering the best team and individual performance possible were realized. The girls had a forty percent increase of victories over past seasons. Proof of this can be found by the aggressiveness of the girls' game. They had a number of close games and dominated the court during others. Responding with respectable 6-8 Whitmont League record, the Girls Varsity Basketball Team was definitly on its way to becoming CIF contenders. Gigi Reyes earned M.V.P. laurels, Trudi Lim gathered the coaches award, and Monica Torres was selected Most Improved. Monica Torres and Trudi Lim were named to the All-League squad. 1985 co-captains were Cathy Estrada and Lisa Arismendes.

Matching Up To The Competition

While most team sports take a breathr after their season ends, a few do practice the whole year 'round. One such team is the Boys' Varsity Tennis team. The boys worked hard before the season began this spring. Coach Joe Alvarado's practice schedule and drills sharpened the teams' serving and defensive abilities. They had individual matches to see who would be seeded first on the team. The one-to-one competition before the season helped prepare the team against tough Whitmont League competition. The team's goal was to qualify as a team or as idividual for CIF. Even though the team consisted of young and inexperienced members, the team had a successful season. Things are definitely on the rise across the courts for ER Tennis. 1985's captains were Joey Parra, Adrian Lugo, and Tom Duenez.

Girls' Varsity Tennis: The Queens Of Swing

The Girl's Varsity entered its third season in the Whitmont League in 1985. The girls were coached by Mr. Ogas, who spent many hours teaching them the basics and tuning up for the regular season and next year. This more experienced team was not hampered by new players and inexperience. However, the girls showed great skill and determination in all league matches this year. They proved to all league schools El Rancho was very competitive. Some of the more outstanding performances came from captain Rachel Mendoza. However, one girl to watch is freshman Caroline Duenez who provides the Girl's Varsity team continued success and improvement in the near future. The season may have been tough, but, the girls performed in the true Don tradition.

Retaining their reputation of respect and excellence, the girls' team spent the early part of the season dominating league track meets. Under the coaching of Mike Goff and Sergio Vegarra, the team has produced as coach Goff stated, "The best girls' team by far!" They always showed a positive attitude. The girls worked out daily with various exercising/training programs in preparation for their events. The results were an excellent performance at the ERHS Relays and an undefeated early season, other highlights included giving Montebello, their toughest competition, a good run for their money. The girls progressed through the season improving their times. Some school records were een broken (Rosalie Amaya in the discus.) Coaches Mike Goff, Gordon Chamberlain, Sergio Vegarra, Bob Paholsky, Ron Ibarra, and Jeff Arballo combined their expertise to bring out the best from the team. The result is evident by their outstanding performance at the largest ever ER Relay Invitational and their 5-0 early league record. Some of the top performers on the team were Mario Zamarripa, Rick Pena, Manuel Mejia, Ramiro Juarez, and Rene Estrada. Although the Whitmont League proved to be a challenge, this strong Boys' team pulled through and excelled.

A Building Year

This truely has been a season of ups and downs. For the first three weeks of the season your Softball Team was in first place. Then came a monumental hitting slump. By the end of the season they had regrouped and began hitting more like league contenders. Being a part of the play-offs was a foregone conclusion. Captain Mona Torres and Co-Captain DeAnn Soto were the spark-plugs of the team and they also received Softball honors at the Spring Sports Dessert. Due to fewer schools turning out gymnastic teams, ER saw less chances to show their strength and talent. Yet, all eyes were on the Dons when they entered the 1985 season. Coach Bob Turner stated, "With only two returning Seniors, this young ER team has their work cut out for them." And they tackled every team in the true Don Gymnastic tradition. Led by Jose Hernandez and Don Gibson, the gymnasts used their best routines to complete their third (undefeated) streak in dual meets and defend their 1984 CIF title. Some of the best performers included Jose Hernandez, Art Hernandez, and Willie Martinez. Highlights of their impressive season included defeating some tough Arroyo competition, an undefeated early season, and their victory at the Twenty-Seventh Annual ER Invitational.

Of the many sports here at El Rancho, swimming is one of the most exciting. The girls' swimming team had another competitive squad this season. The team consisted of girls from Seniors, Juniors, and Sophomores classes. Long practice hours and committment have been the trade mark of the 1985 team.

Strong performances by Senior Giovanni Miraya and Stella Marquez, and Junior Lorena Arellano and Julie Lopez added respect to the team along with excellent Sophomore, Beatrice Cruz, and Chris Cruz, and Sandra Salas also contributed to the teams stalwart performance. Hard work, good spirit, and great team attitude helped them earn the respect for which they so honestly deserve. Head coach Dan Marshall and assistant coach Jim Dyson both commented on the high, competitive level the squad performed at. Dedicated to excellence the El Rancho Girls' Team earned the esteem of the Whitmont League.

El Rancho has always had some fine swim teams. This year was no exception. Coaches Dan Marshall and Jim Dyson were proud of their team's record. Competing in their final season as members of the El Rancho swim team, Robert Carroll, Vinh Le, and Jose Serrano led their squad to a second place finish in the Whitmont League. Carroll and Shawn Baez shattered three school records. Sophomore sprinter Eric Delgadillo had many first place finishes to help the Dons score. One major highlight of 1985 was their strong showing at the Gahr Invitational. Though their hard working practice sessions, the team was able to show what real competition was. This year's team was definitely in the Don winning tradition.

Coach Joe Osterman was very optimistic and enthused about the 1985 Varsity Golf Team. And he has reason to be. Captain James Porras, this year's team posted the best win-loss record (12-2-2) in the history of El Rancho's Golf. A disappointing tie on the home course and a loss to league champs Whittier on their course kept the Dons from achieving their goal of being the first El Rancho golf team to win the league title. With only one Senior leaving, El Rancho should be a factor again in next year's Whitmont League Competition. By finishing second in league and qualifing for CIF team Champions for the first time, the future of ER Golf is very positive.

Once again, the boys' junior varsity volleyball squad entered the season with a positive attitude and their goals set high. The team attained a high standard of pride and spirit. Hard work and team effort led to victories over other league teams. Head coach Steve Araujo played a key role in the team's unification in becoming one unit during the season. Coach Araujo commented, "The players performed to the best of their abilities and nothing more could be asked of them." These men perfected their expertise only by long hard hours of practice.

Tremendous was the word for this year's Junior Varsity Team. The J.V.'s games were very exciting and very close, yet the team was able to overpower its opponent and come out on top. The offense and defense were both credited equally for the victories that the team tallied up. The team worked extremely hard through out the long and hard summer.

This year's Junior Varsity Football team had a lot of good talent and also good size. The J.V. team encountered many problems throughout the year, but with hard work, toilsome practices, and the capable leadership of Eddie Arvayo, they had the winning season, which included many high points. One such zenith was when the team defeated the Santa Fe Chiefs to win the championship and the Whitmont League title with a final league record of six wins and one loss. Head Coach Nick Caputo and assistant coaches Billy Orozco and Ron Ybarri contributed greatly to the season of the J.V. team. Two players shared the honor of M.V.P; Adrian Ortega and Tony Araiza.

This year's Freshman football team was one to recognize. Each and every player held a large part in the unification of becoming triumphant over their adversaries. This team had all the makings of a great one. They put their strengths to its best potential and faced each team with strong determination and enthusiasm. The team ended their season with a 2-4-1-record. Mr. Willie Norman, head coach of the team, commented on the players. "These young men will be the future of El Rancho, athletic-wise. They have everything that one needs to become winners." The same feeling was shared by the rest of the coaching staff, Danny Alvarez, Gene Parsons, and Pete Carrion. Despite some struggles, the team managed to be a tough team to battle. This is evident in their coming from behind to beat Pioneer High school in their final game of the year.

JV Girls Volleyball/Basketball: Jumpin' And Spikin'!

Basketball is one of, if ot three most popular girl-participation sport on all of the campus. Many girls participate in it because it allows them to meet many new friends and teaches them the enjoyment that can be experienced by taking part in a highly competitive sport. As they dribble down the court the J.Vettes showed a great deal of effort. Their constant determination is what kept them striving (and yearing) for victory. Coached by Ms. Jauregui, the girls learned how to bring out their best when the time was short. This year's team had an exciting year and enjoyed the challenges they faced. The team racked up five victories while suffering nine defeats.

Although they experienced many ups and downs, the girls came out winners in their own right. The girls played aggressively and worked hard to be successful in their competition. The team consisted of 12 girls. Team captain Mary Lou Schmidt and M.V.P's Rachel Cendejas and Danielle Encheff contributed greatly to the team. Coached by Karren Morehouse, the team ended up with a team record of three wins and eleven loses.

JV And Frosh Basketball: Warriors Of The Court

Dino Martinez, Felix Mayo, Rodolfo Perez, Kevin Acosta, Ben Orona, Jason Almanza, Bottom Row (L-R) David Vasquez, Manuel Alfaro, Joey Parra.

1985's Junior Varsity Basketball team presented a promising future for E.R. B-Ball. The team endured some hardships at first, but improved greatly as the season progressed. They had several close games and very exciting ones also. The team was always determined to play their best and hardest. Several players furthered their team potential as victors - Joey Parra, Kevin Acosta, and Jason Ojeda. The J.V. team finished the season with a league record of 6-8 coached by Jim Dyson, these athletes have high hopes of contributing to next year's Varsity Squad.

Top Row (L-R) Joe Saracho, Alfred Gonzales, Eddie Gonzales, Edward De Los Santos, Saul Rico, Ray Leal, Sergio Vela, Bottom Row, Alfred Mata, Steve Cochran, Mark Castellanos, Eddie Bravo, Anthony Martinez, Rudy Minjares.

This years Boys Freshmen Basketball squad performed honorably during 1985 campaign. Although loaded with shooting and rebound talent, their lack of height kept them from performing at the peak. With a young and inexperienced team, the Don Dribblers turned in a respectable season.

The Freshmen team had man excellent and capable players. They showed their stuff with the victories they chalked up. "The team showed great improvement as the season progressed," commented head coach Ray Ogas. Renee Mata, assistant coach contributed greatly to the team. Team captains Alfred Gonzales and Sergio Vela participated in the winning streak the Dons achieved in the last couple of games of the season. The M.V.P. award went to Alfred Gonzales. The Squad ended the Whitont League season with four victories and nine defeats.

JV And Frosh Baseball: A Positive Future

Bottom row: John Ayala, Ricky Reynoso, Jose Gaeta, Ed Flemate, Ricky Garcia. 2nd row: Coach Willie Norman, Mike Rosas, Danny Gallegos, Efrain Garcia, Javier Rubio, Carlos Reyes, David Duran. Top row: Robert Benavente, Ed Elizarraras, Joe Nunez, Gil Gutierrez, Joseph Gonzalez, Danny Talamentes, Andy Casillas.

The future of Don baseball seems to be in good hands with the junior varsity baseball team. Their playing showed great ability and pride. Leading the team was Carlos Reyes, a freshman, and Ricky Reynoso. Coach Willie Norman praised the team saying, "They are an exceptionally strong team." Their three straight league wins indicate some fine players will be rising to the ranks of varsity.

This new baseball generation, the freshman team, played together as a strong unit. They practiced hard and displayed teamwork throughout the season. They displayed enthusiastic attitude at both practices and games. Their defensive attack was more than enough to hold off some tough opponents. Coach Estrada advised and strengthened the team's fielding and batting abilities.

Bottom row: Gustavo Martinez, Louie Amouroux, Danny Villegas, Michael Piper, Jason Jimenez, Marcos Armenta. 2nd 4ow: Christine Angulo, Lori Morales, Greg Adame, Jimmy Vasques, Hugo Garcia, Javier Ducreux, Alfred Mata, Rod Aristi, Jimmy Rodriguez. 3rd row: Coach Estrada, Ray Leal, Anthony Martinez, Robert Alvarado, Steve Cochran, Malrubeo Rodrequez, Mark Morales, Denise Gonzalez.

Junior Varsity Water Polo And Softball

Top Row (L-R): John Hartly, Justin Rice, Mark Morales, Scott Carlson, Andrei Popa, Mark Jenness, Lawrence Marquez, Arturo Quinones. Bottom Row (L-R): Andrew Gallegos, Billy Ruacho, Dan Escarena, Ray Marmolejo, Ed Martinez, Octavio Figueroa, Dean Gutierrez.

Top Row (L-R): Denise Sanchez, Caroline Duenez, Frances Carreon, Michelle Sanchez. Middle Row (L-R): Rachel Salas, Michelle Lueres, Darlene Zabala. Bottom Row (L-R): Chris Navarro, Liz Bustamante, Susana Lopez, Lisa Van Capelle.

1985's Junior Varsity Water Polo team made a big splash in the world of water. Under the coaching of Mr. Jim Dyson, these young polo players excelled in their sport. Following the same practice schedule and drills of the varsity team, the team learned the strategies of this marathon endurance sport. Coach Dyson stated, "With the addition of the Freshman class, El Rancho's water polo future looks promising."

This year's Junior Varsity Softball team had a good season. The girls were not discouraged by the fact they only had three returning players. The girls played with enthusiasm and gave their Whitmont League competitors a battle. The team prepared themselves by working on their skills daily. While they improved their pitching, the girls showed a lot of strength in defense and fielding. Ms. Yolanda Jauregui supported the team with a winning attitude.

JV Swimming:

El Rancho's Junior Varsity Girls' Swim team shows some strong indication of possible champion varsity teams to come. Evenly sprinkled with Freshmen and Sophomore girls, the team was aggressive against Whitmont League competition. Their strength in the butterfly and backstroke proved to be quite beneficial to the girls. Some team members to watch for are Rita Hinchman, Veronica Zuniga, Valarie Gomez, and Lonnie Olivas.

Top Row (L-R): Gabby Aguilar, Veronica Zuniga, Valarie Gomez, Rita Hinchman. Bottom Row (L-R): Imelda Aguirre, Laura Elias, Antoinette Marron.

Making Waves

1985's Junior Varsity Boys' Swim team was made up of mostly freshmen. Although low in experience, the boys' team did prove to be very competitive. They spent most of their time learning the different strokes and exercises that provide maximum speed in the water. The team also fared quite well in Whitmont competition. Some strong performances leading this new Don Swim generation were Moises Jordan, Dean Gutierrez, Billy Ruacho, and Louis Gomez. Mr. Jim Dyson coached both the boys' and girls' teams.

Top Row (L-R): Mark Jenness, Louis Gomez, John Hartley, Justin Rice, Andrei Popa, Moises Jordan. Bottom Row (L-R): Billy Ruacho, Ray Marmolejo, Dean Gutierrez, Ed Martinez, Andrei Gallegos, Octavio Figueroa.

Boys' And Girls' J.V. Track Meets Major Victory

p Row (L-R) Susan Reyes, Anexora Leon, Yvonne Garcia, Carolina Espinosa, Virginia Esparza, Gaby Contreras, Ann Firestone, Marlo hopied, Kathy Otega, Gina Garcia, Lupe Infante, Julie Smith, 2nd Row Margaret Munoz, Olivia Aguirre, Trudy Lim, Yolanda Aguilar, nnifer Briones, Diane Guirado, Devonna Martinez, Patty Moreno, Natalie Gonzales, Sandra Kachirsly, 3rd Row Jolie Corral, Marcie nellas, Anita Gibson, Michelle Guzman, Michelle Zorilla, Michelle Ruiz, Susan Markshanoff, Hyong Le, Sylvia Ramirez, Monica Torres, ndy Koo, Ma:risol Arredondo, Sandra Morales, Maria Garcia, Liz Mendez, Lorena Velarde, Erin Lopez.

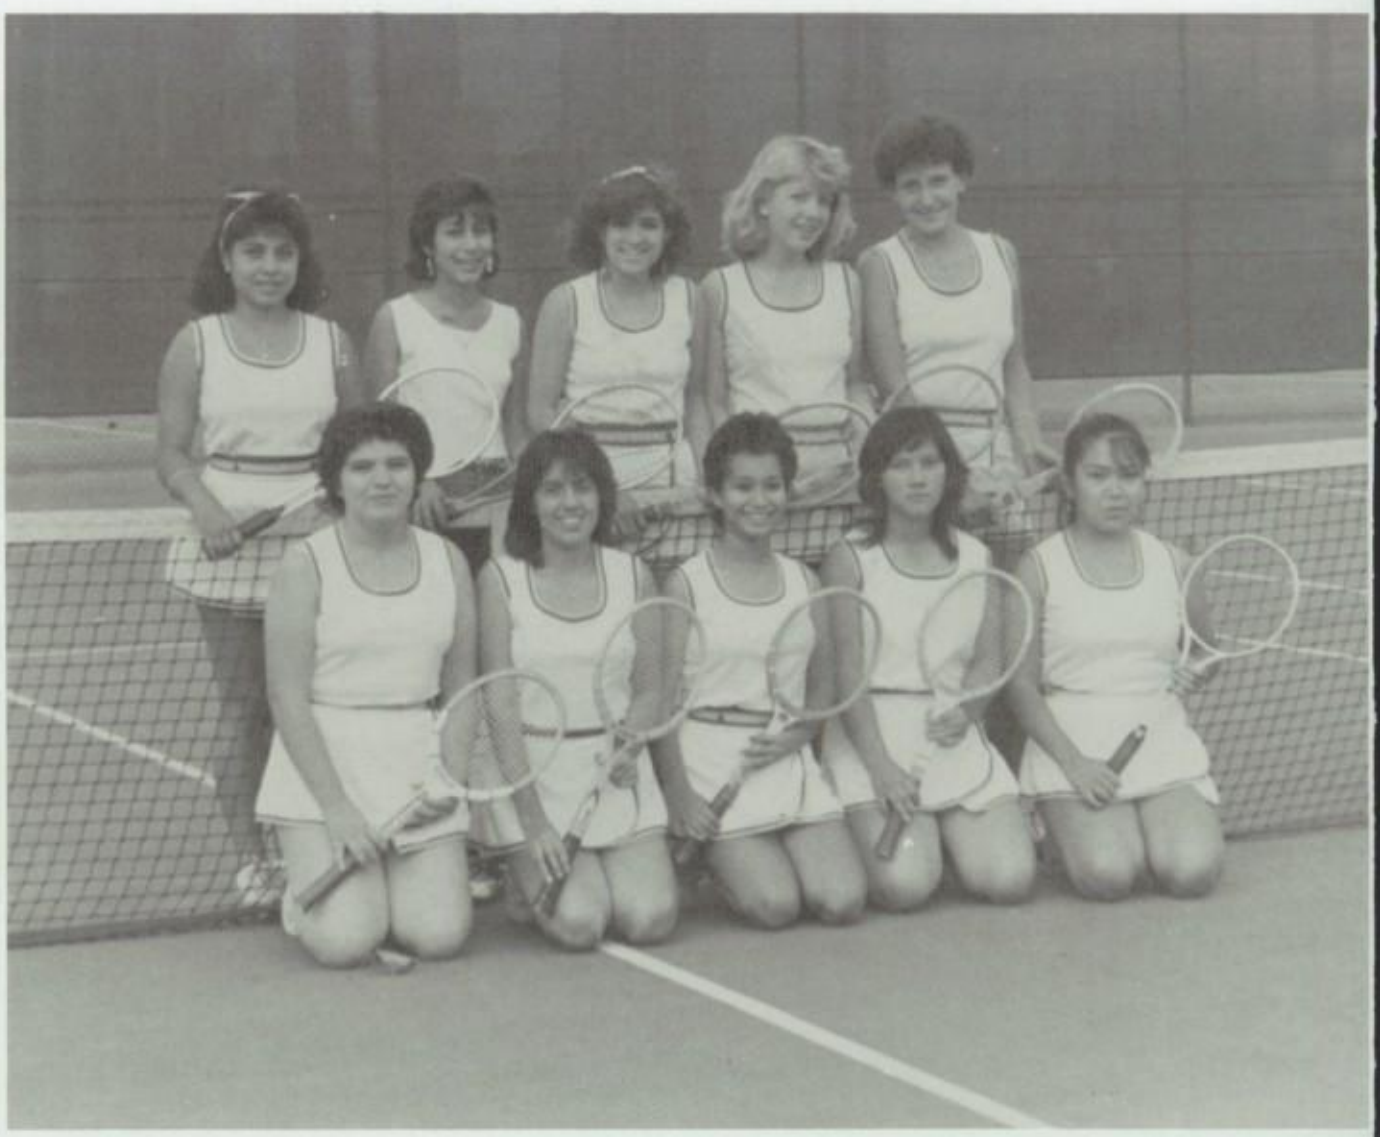
el Sandoval, Ron Diaz, John Recio, Sergio Herrera, Gerado Erazo, John King, Marcus Gil, 2nd Row Augie Aguilera, redo Gozales, Jason Cervantes, Tony Rodriguez, Joe Ledesma, Oscar Novelo, Larry Luna, Roland Toriz, 3rd Row nton Peres, Jaime Camacho, Sergio Vela, Gustavo Barraza, Victor Medellion, Jose Ramirez, Barney Cardenas, bert Cervantes, Sal Aguilera, 4th Row Chris Serrano, Rene Rodriguez, Cesar Hernandez, Flea Fernandez, Mike ron, Alfonso Avendano, Maril Burdine, Cord Quijada.

The winning tradition of girls' track team was evident in the JV/Frosh-Soph Girls' Track Team. They worked hard to gain recognition in the Whitmont League. And showed effort and excitement in both practice and the meets. Never giving up and always willing to preform beyond the demand of the Coaches and their events. They admired the Varsity players and set goals that paralleled those Varsity goals.

The Boy's JV/Frosh-Soph Track Team managed to lead their way in league this year. They put out much determination in reaching their goals. Their willingness to compete led them to produce their best effort. The showed discipline and fine sportsmanship. The dedicated team was supported by coaches Mike Goff and Bob Paholsky. According to the coaches the team did very well competively at their level. A future winning Varsity Team is definitely among the JV ranks.

Boys' And Girls' J.V. Tennis

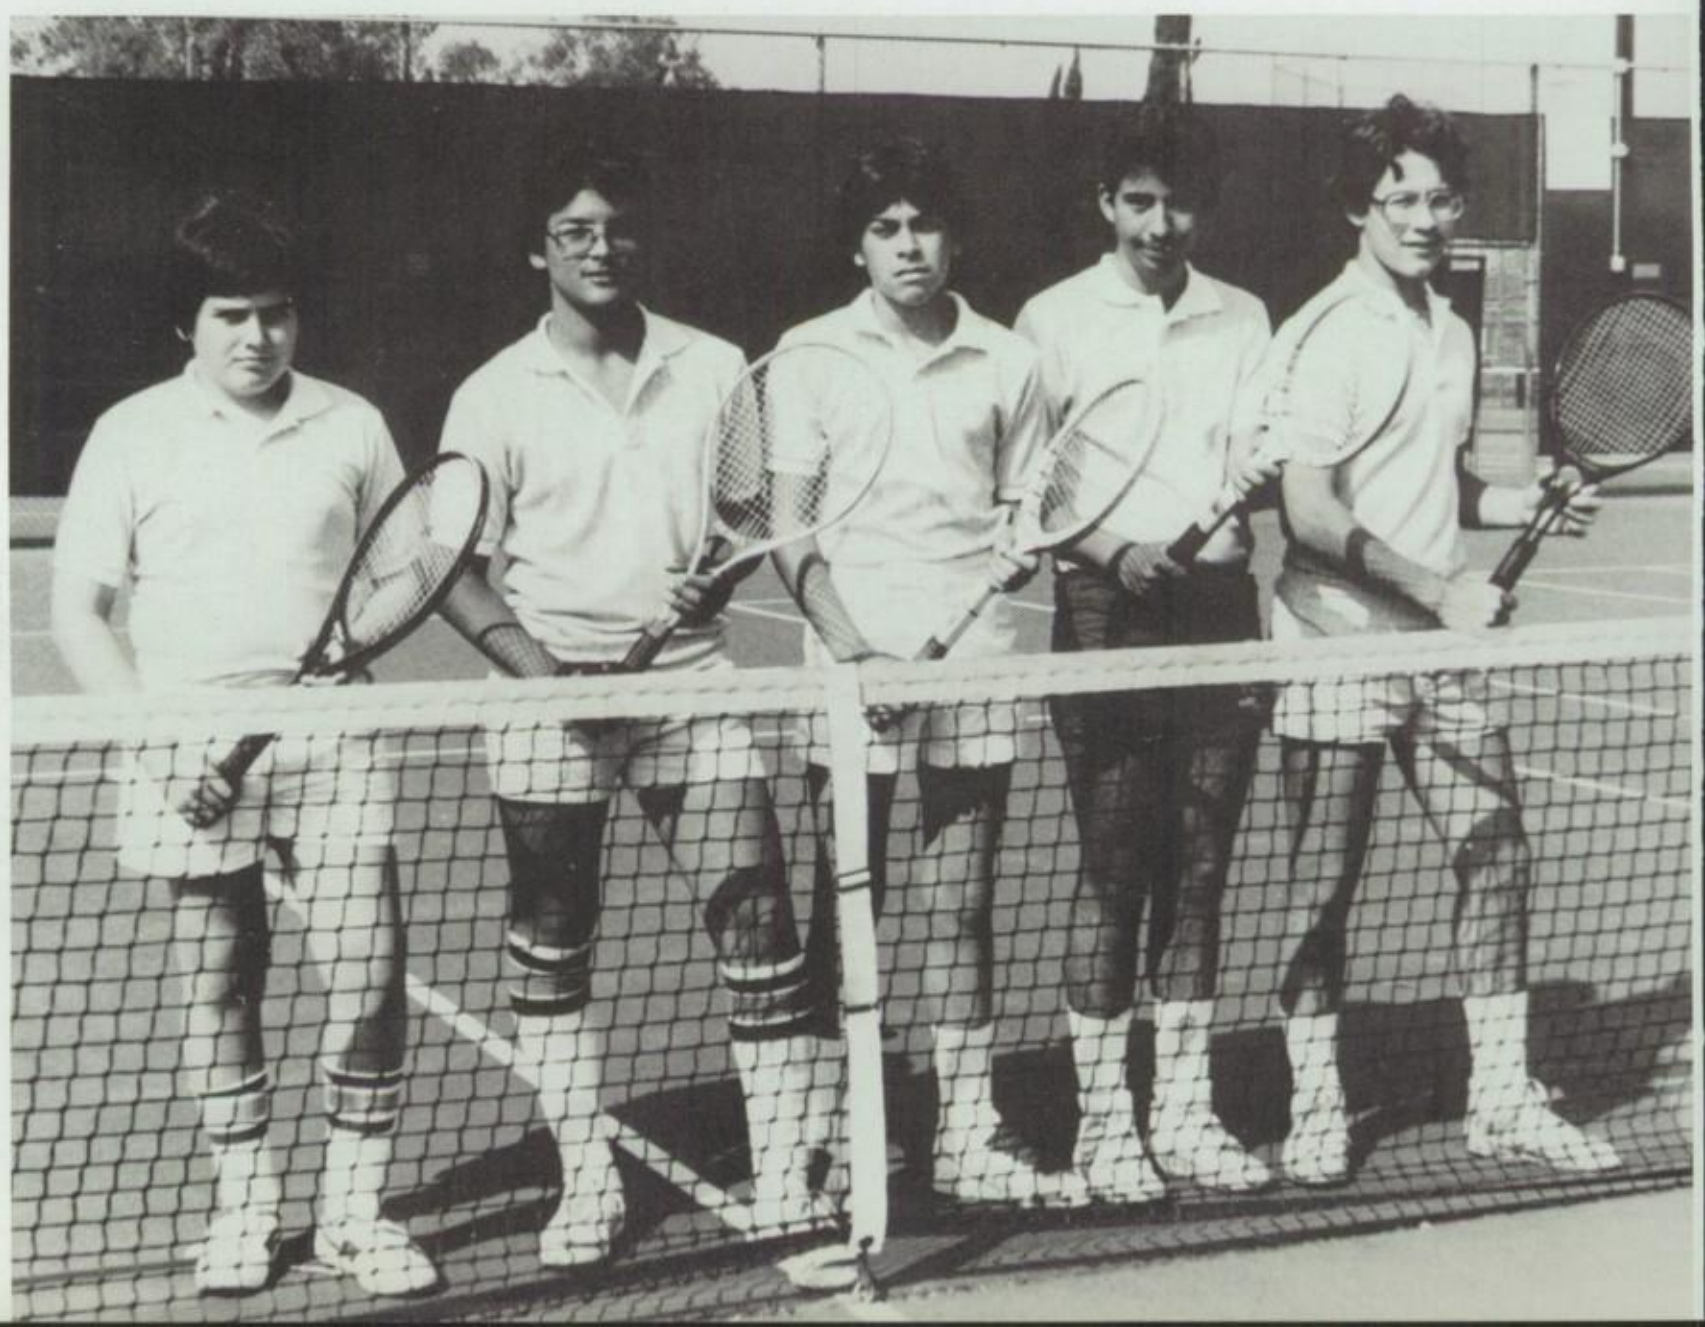
The JV Girls' Tennis team showed great determination in all league matches. Although the girls went through some serious practices and tennis drills, the girls learned enough of the sport to perform quite well against some stiff Whitmont competition. The team worked hard and endured some tough match situations. The JV squad has a lot of talent in the ranks to help progress girls' tennis in years to come.



Top Row (L-R): Erin Lopez, Lupe Martinez, Sylvia Rodriguez, Jeanette Herzog, Gabby Contreras. Bottom Row (L-R): Imelda Cortez, Laura Calvillo, Maria Garcia, Lynn Mach, Serena Ramirez.

1985's JV Boys' Tennis team was as active off the courts as they were on the courts. By having fund raisers, such as candle sales, the boys were able to purchase shirts and other equipment. Coach Davitt Akers spent the better part of the season teaching the fundamentals of the sport. The boys earned important competition that will be beneficial in the future of Don Tennis. Although the majority of the team consisted of young players, they fared a building season that will produce a solid new generation of varsity players.

(L-R): Phillip Fecteau, Michael Patlin, Danny Tapia, Hector Reynoso, Steve Palacios.



Girls' Frosh/Soph X-Country includes: Sandra Kachirisky, Margaret Munoz, Sylvia Ramorez, Michelle Guzman, and Sandra Morales.

J.V. X-Country Runs To Victory

Apparently the girls Frosh/Soph. Cross Country team is keeping up the excellence that has become an ER cross country tradition. They began their highly successful season with high hopes and spirits. The squad possessed much potential as they defeated many of Whitmont League's toughest schools. The girls' timing and pacing was on the mark as they finished the season with a 6-1 record. This marked the first time in five years that a Frosh/Soph team steals the Whitmont title from Montebello. Future champion girls' teams are definitely on the horizon.

1985's Frosh/Soph. Cross Country team experienced a season much like their varsity counterparts. Despite their inexperience, the team accomplished a lot through hard work and practice. Adopting a strenuous workout schedule proved to be in their favor. The team's 6-1 league record is proof eough. Not only did they measure up to ER's high athletic standards, they managed to steal away Montebello's five year grip on the Whitmont title. Mike Goff coached both teams to their winning season.

Boys' Frosh/Soph X-Country; Ed Martinez, Ceasar Mata, Dan Cisneros, John Caceres, Jason Cervantes, Augie Aguilera, Barney Cardenas, Cord Quijada, Cesar Hernandez, Jesus Fernandez.

To Claire !!

Hi Claire, are you still one of my home girls? Well I hope so. Well, I know about the lie you told me for Octavio, it wasn't exactly a lie but he told me about it afterwards. I guess I'll let it pass this time, but if you do it again, that will be pretty sucked. Well, the year is gone again, and we only have one more, I really wish come along with us Bys, and I'm glad we're still close. I hope you find someone special in your future, to make you happy and to take care of you. We have to party in the summer. So, now I got to go because there isn't much room left. Just remember I'm your friend.

Juniors: The Rivas Generation

Dear Juniors,

My main message to all of you is thanks. I thank you for the support, constructive criticism, and encouragement that helped me through this hectic and crazy year. I admit that I wasn't too serious about my office at the beginning. But after I was around the other class presidents for a few days, I realized that class competition was serious business. Even though we didn't do so well as we could have at our infamous pep rallies, we still had a great deal of fun and that's what counts. I know we'll come back with a vengeance next year because we'll be *SENIORS*!

I'll never forget my year as president of our class. Thanks again for giving me this privilege.

Sincerely,
Brian Rivas

Always Pulling For A Victory

Lisa Van Capelle and Lorena Arellano give it all they have at the Homecoming Games.

Presenting: The Jubilant Jrs.

Being a junior is somewhat of a unique experience in high school. You are driven to do more than just the usual "go to school" routine. When the Pepsters performed, some of the brighter smiles belonged to Juniors. In the Executive Commission, the Class of 86 made their share of decisions that helped and benefited the school.

During half-time as the Band and Drill Team entertained the fans on a Friday night, a large amount of those on the field were Juniors.

When it came to athletics many Juniors were found wearing a Varsity uniform in almost every sport. At the Varsity level they did an outstanding job. Many of the Juniors worked hard during the summer and season to earn their letters.

El Rancho's Homecoming week, a fun-oriented tradition, is capped off with the night pep rally. Members of every class put their imaginations to the test as they selected a theme to gather the most attention and 1st place. This year was no exception. The Junior Class of 1986 brought the flapper fun of sixty years ago with their version of the roaring Juniors. During this fringes and rolled stockings venture to the past, the Juniors garnered two out of four possible 1st places, thus becoming a close contender for class of the year. President Brian Rivas and classmates charlestoned their way to victory and for one, brief shining moment, "Ain't We Got Fun" rang through the Don gym.

Checking It Out

There are many facets of high school experience. It is sort of a dance we do. We get up, we go to school, we go home, and we go to sleep. When you are a teenager, the dance has certain periods in between that are devoted to one specific activity. Besides eating lunch socializing with the masses (friends), and running from class to locker (vice versa), there is one activity that tops everyones list- PEOPLEWATCHING! And it seems Junior year has the pleasure of incouraging such activity.

People watching is a curious ritual that every adolescent goes through. (Adults do it, but it usually leads to marriage!) People watching takes on a special significance during one's Junior year. By then a Junior has a license to drive. If he/she wants to know someone they have there eye on, they just go ask for a date. Peoplewatching also helps a date for the Girl's League, and the biggie date, the PROM!

Whether you stand by a locker, brick wall, or stare over the balcony, be sure Juniors, the person you look at, may be Mr. or Ms. right for you.

Juniors Plan For The Future

Preparing for the future is a task that requires some concentration and logic. You must be realistic with yourself and your capabilities. One's Junior year in high school is where the seed of ones future are planted. By then the childish attitude towards high school has disappeared and one realizes, "I graduate next year! I better start thinking of college and my future." Some students are not aware of where they can map out their higher educational course. One place for such help is El Rancho's college and career center.

Run by Dr. Robert Hayes. The college/career center offers a myriad of college and career information that answers any possible question an inquisitive Junior, or anyone else might have. Everything from college course catalogs to discriptions on local jobs and there offerings, are at one's disposal. There are career choices beyond fast foods and department stores. It would be a mistake to pass one's Junior year without searching for the career dream. A career last a life time & surely it is worth preparing for one properly. The El Rancho college/career planning center, visit it soon!

Molding Their Future

Juniors realize they have passed the halfway mark of high school. They still find time to have fun between classes, during lunch, and after school is out. Sometimes they also find the opportunity to express their creative minds and show how unique the Class of 1986 is. Even though the academic regimen gets a little rough during this period in their education the Juniors always manage to bounce back.

This year's Junior class has realized this. They have discovered that certain satisfaction of knowing their way around without having to ask someone. They can finally be called upperclassman and receive all the benefits (the Prom and Powder Puff). Junior Year may be the hardest academically, yet it is the most exciting and fun of all four high school years.

Catching The Magic Of 1985

While freshmen worried about entering the new atmosphere of high school life and seniors thought about post high school plans, juniors found themselves stuck in the middle, leaving them to center their thoughts around class activities.

Beside the usual class competitions, the junior class was caught up with planning some added events for the '85 activities season. Faced with the tradition of sponsoring the Powder Puff game and the Prom, the class of '86 had to use more than their creative minds. President Brian Rivas and pals began centering their thoughts on both events simultaneously. Humor was the key in planning the halftime show. The annual event of female football players and outrageous male pepsters has been a hilarious part of the school year.

Romance and an evening to remember filtered through the minds of the Junior Prom committee. Since the dance is to be the final formal event of the season, many hours were spent planning this activity. The junior class provided ERHS with some wild and memorable nights.

Marisa Rodriquez explains to Jeff Clark her ideas about the younger generation.

Back in the days before television dominated our lives, people had to rely on radio for entertainment. Not so at El Rancho. Among the clubs currently being broadcast, the Drama Club has emerged as one of the more outgoing and unique clubs on campus.

This group has embarked on a series of adventures to the world of television. Some of the television series the club members visited were "It's Your Move," "Silver Spoons", and "Brothers". Some adventurous members attended the annual trip to New York City for a week during Christmas break. Advisor Stan Wlasick could always be counted on to provide some unique and educational experiences for those people involved in the Drama Club.

We Bring You All The News That's Fit To Print

Sometimes radio programming can't be all music. This is where El Rodeo enters the air waves. Approximately seventeen amateur journalists occupied room X-4 daily to produce the campus newspaper. Under the direction of Editors Gaby Curtev and Lupe Cerecedes, and advisor Tim McMullen, newstaff members wrote stories, did page layouts, and put together an informative newspaper for the Don masses. Frantically rushing to meet frequent deadlines, page editors Lupe Cerecedes, Norma Vega and Anne Marie Atencio were responsible for making sure that their page layouts were completed on time. All staff writers were required to check that all stories were written correctly, and that all words and names were spelled right. The cost of publishing the newspaper was partially paid for by advertisements which were collected by business managers Melinda Hernandez and Tanya Stiehr.

Remember the voices on the E.R. news channel. They are uniquely qualified to bring you the world.

Keeping Busy And Promoting E.R. Pride

Whenever you twist the radio dial, make sure you tune in to the Pepster channel. However, adjust the volume control. They are the loudest, most spirited group of the season. With precision in their moves for achieving success, the girls in blue and grey are sending electricity and excitement through the Don Radio Network.

1985 was a banner year for all three pepster groups. These girls have upheld a long-standing tradition of excellence, success, and originality that has made other schools envious. The girls demonstrated being an El Rancho Pepster is much more than putting on a blue and grey uniform every Friday. Since May of last year, each girl had to sacrifice most of her time for practice in order to present a good image of our school.

Throughout the year, these girls worked hard in supporting the various athletic teams, representing E.R. in competitions and providing entertainment at pep rallies and assemblies. At the first pepster competitions our groups placed in the top three against Southern California's best schools. It may appear to be all pyramids, dancing, and flinging a flag, but being a Pepster requires patience, determination and courage. These are qualities that we should admire and respect.

Enthusiastic Leaders

As a newly combined effort, the Banner Carriers and Tall Flags have done away with traditional marching and experimented with modern dance steps and more difficult moves. Their new and flashier uniforms have also increased their crowd appeal. As a result, the Band Auxiliary has emerged from just another part of the band to a major entertainment group. The girls have contributed some sparkle to the halftime shows with colorful flags and banners. One major example was an original Halloween theme halftime show that featured the Tallflags in a "Thriller" performance. On many weekends the band Auxiliary has marched in parades and competed against other high schools. Sandra Wilson was the director of the groups. Michelle Gutierrez was head of the tall flags and Andrea Angulo led the Banners Carriers.

The House

The House of Representatives was made up of students selected from each second period class. The students were nominated by their fellow classmates. This organization played an important part in reporting upcoming events at El Rancho. Besides this, the representatives also had the job of reporting any concerns their homeroom had. Other responsibilities included voting upon bills or petitions that affected the general student body. Also, House members had their respective second period classes nominate Homecoming Queen and Winterbelle candidates. This year's group was singularly responsible for having music played during lunch. Speaker of the House was Mario Zamarripa.

MESA And CSF '85 Academically Awesome

While television has its PBS channels that appeal to the intellects and culture crowds, the Don Radio Network has two channels that are strictly designed for the academic achievers.

The California Scholastic Federation is a state wide organization for high school students. One earns the right to be a member of this group by receiving ten or more grade points (A=3, B=2) in at least four academic subjects during a semester.

In recent years, CSF has become increasingly adventurous. Past trips included Magic Mountain, beach parties, a week in Yosemite National Park and Idyllwild Forest. Academic Affairs Commissioner, Vicky Takatsuka is in charge of this group and Dr. Robert Hayes is the advisor. CSF officers also include Tacho Baeza-Vice President, Cathy Estrada-Secretary, and Martha Salas-Treasurer.

Math, Engineering, and Science Achievement began its sixth year at the Ranch with enthusiasm. Its activities which include lectures, contests, and field trips are intended for those students who are contemplating careers in engineering or some other math-based field. Ms. Joy Tanigawa is the MESA advisor and Julian Zaragosa is the coordinator. Officers for 1984-85 were Jose Serrano-President and Giovanni Miraya-Vice President.

Both clubs provided an environment in which students can pursue their academic interests.

MESA members include John Aguilar, Pat Aguilar, Araceli Arriola, Asima Butt, Ted Castrellon, Lorena Cordova, Beatriz Cruz, Danielle Encheff, Efren Garcia, Jesus Gonzales, Ramiro Juarez, Mindy Koo, Sunny Koo, Huong Le, Vinh Le, Aimay Lee, Gina Lim, Trudi Lim, Eric Liu, Alfred Mata, George Melgoza, Giovanni Miraya, Raul Montalve, Viral Patel, Dat Pham, Martha Salas, Susan Santiago, Jose Serrano, Jui Ming Shih, Christine Smith, Steve Viscainia, Renne Willkomm.

Among the various channels on the Organization Band currently on the air, only one is dedicated to serving the student body. That is the El Rancho Executive Commission. This group varies in accomplishments from year to year. Every morning, behind the walls of the Activities Office, the members of Exec meet in their own room. Many discussions occur within an hour's time span. Almost everything that is of importance to the student body goes through these officers first. Events such as candy sales and other fund raisers are discussed and passed here while many activities (Homecoming, Winterbelle, and dances) are planned and carried out. Numerous assemblies, the concession stand at Basketball games, and the laborious tree sale are also Exec responsibilities. The group functions as a unit and each person in it is also responsible for his or her own area. Exec '85 has emerged as one of the more memorable and unique groups on campus. 1985's Executive Commission was led by Associated Student Body President Jorge Carreon and advised by Julie B. Ellis.

One of the factors attributing to the Don Radio Network's success is the variety of channels on the International Band, the Spanish Club. Every month the Spanish Club members tune into 0-4 with their advisor Mr. Beni. They discussed various fund raiser both traditional and original. Fund raisers included the stuffed animal and candy sales.

The money that was raised from these events went for various causes. Students were entertained by viewing critically acclaimed foreign and domestic motion pictures such as the raucous comedy, "The Gods Must Be Crazy." Club members gave each member of the teaching staff a carnation for Teacher's Day. This has remained a much needed moral booster for many of the teachers. However, the most important event that requires a major portion of the club's fund was the International Banquet held at the end of the year. This banquet brought together the other language clubs and also gave the students who attended a unique experience in the culinary culture of foreign countries.

Le Club Francais

The king of romance languages seems to be French. This sophisticated of language clubs decided to be a little more French in '85. Along with the wisdom of the French Club Advisor Ms. Rollo and Club President Debbie Corrales the French Club accomplished their goals with a continual flavor. Their numerous fund raisers provided many European events such as seeing French movies, French restaurants excursion, and the end of the year's, International Banquet. Yet, what really made 1985 a different year was the opportunity to see France during Easter vacation, several club members packed up their essentials and passports for a 2 week tour through France. Sites included Paris, Cote d'Azur., and other famed locations this was quite an experience for the students who went. Viva La France!

Much like its compatriots, the Deutsche Klub embarks on the club requisites with enthusiasm. Besides the usual candy sales, German Clubbers are attracted to more than just promoting tooth decay. 1985 has proven to be a unique and entertaining experience. Events included a trip to Costa Mesa to view the South African comedy, "The Gods Must Be Crazy," Milos Forman's acclaimed motion picture, "Amadeus", and the International Banquet. Club members were also treated to applying for pen pals from all over the world and reading BUNTE, a german periodical. Being in German Club is more than polkas and oktoberfests. One of the larger stations is the BAND channel. This most musical of all organizations went through some changes in 1985. Gail Brandon became the Band Director and ER's Band began the year in a new direction. Some highlights of their musical season included the memorable Santa Ana Christmas parade. This parade was televised all over the southland. Advisor Gail Brandon commented on her first year at the Ranch, "I am very excited to be here. The Band was a very enthusiastic group to work with. We are looking forward to 1986!" With the positive attitude and discipline Brandon has instilled, the Band was able to do more and perform more. El Rancho's Band definitely played the sweet sounds of success once more. Drum Majors in 1985 were Robert Alicea and Stephanie Rodriguez.

Of the many uniforms here at El Rancho, one of the most highly respected and recognized is that of the R.O.T.C. This group had some of the most hard-working and discipled students on our campus. The members spent numerous hours practicing for competitions. Their advisors were William Steinken and Sgt. W.M. Miller. ROTC members were also active on the El Rancho campus. They participated in the daily flag raising ceremony, they also presented the colors at the football games and assemblies. In this group the students were taught self-discipline, self-reliance, responsibility and leadership.

VICA Is A Winner

VICA, the Vocational Industrial Club-of America is highly recognized compition. VICA allows high school student from the state and then from the nation. Participants chosen for VICA are among, if not, the best welders on campus. The welding team is selected by Mr. Sutis, advisor and Auto Shop Instructor. The finished products were judged according to how well the bonds had been made, the neatness of the welding job, and the safety precautions that were taken in the construction of projects. Mr. Sutis went along with the students to give his moral support. This year's team consisted of 14 members, with 13 of them bring home metals.

The finer points of welding are examplefied by ability of David Melendez.

Last year VICA team took many honors for El Rancho.

Working outside is a plus for the welders.

Making sure the joints come together smoothly takes intense concentation.

Student Council: Serving The General Public

The Student Council, with Chief Justice Giovanni Miraya, sponsored many commendable activities this year. One of the main fund raising events was the canned food drive. This fund raiser was to collect food for needy families in the community for Thanksgiving. This class competition brought over a thousand pounds of canned goods. Candy sales were sponsored to raise additional money for any other needs that came forth. Another event that was designed to help the community was the annual March of Dimes. One special fact about Student Council-it is the only service group on campus that helps the general community.

Girls' League: 33 Years Of Women Only

Few organizations on campus have withstood the test of time. Throughout the thirty-three years history of El Rancho, clubs have come and gone. In this age of women's lib, how appropriate that the Girls' League Organization has remained a part of the school. 1985 saw new faces and changes in Girls League. Ms. Janet Berardi became advisor for the organization. Events which are important to the girls helped fulfill the Leagues philosophy of service to others and the promotion of high ideals. These events included the Mother/Daughter Dessert and selection of Belle-of-the-Month. 1984-85's girls' League President was Marie Popa.

Exploring Areas Of The Mind And The World!!!

1985 brought more than Whitmont League titles and trophies for athletic groups on campus. This school year featured academic accolades for the reputation of El Rancho. Since there are not many events designed to show off El Rancho's academic talents, the Ranch must rely on individual performances and state tests. Yet, when the Ranch does compete in academic competitions, be sure that the academics teams are not without a victory. Six seniors and three juniors embarked on a lengthy study period, six months to be exact, for what is known as the Academic Decathlon. Now in its third year, the Decathlon is a ten-event competition that is designed to test the knowledge of every school's competing top scholars. ERHS was excellently represented in '85. The team turned in the best results of a Don Decathlon team since ER has been competing. Highlights included a dramatic Super Quiz competition (5th Place) and an all-around finish of 14th Place from among forty-seven schools that entered the competition. One special fact was that ER defeated all Whitmont League schools. Things look very bright for future Decathlon teams.

Every once in a while, a new club appears on the Don Organizations channel. 1985 saw the birth of a new club on the airwaves. The brainchild of Mr. Dan Vandevier, ER's Travel Club has emerged as one of the more unusual ones. Its purpose was to expose the eager members to various modes of transportation. Highlights from their maiden voyage were quite original. A diverse selection of southern California's attractions was explored by the members. They took a walking tour of Pico Rivera and a RTD bus ride to downtown Los Angeles. Other trips included a quest to Westwood and a boat ride to Catalina Island. 1985's Travel Club President was Juanell Fincher.

Choraleers And Choir: Sing!

Rosa Angulo and Ubaldo Rodriguez

(L-R) Diane Mendez, Monica Estrada, Ubaldo Rodriguez, Rosa Angulo, Nancy Castillo, Carmen Morales, Chris Whalen, and Fernando Vich.

Ironically, the Don Radio Network has few channels dedicated to music. Yet, when you do locate such a channel, it is sure to feature the Choraleers and Choir. Both groups have had an exciting 1985 season. Under the new direction of Mr. Chris Whalen, the choral department is heading in a new direction. Its members are being asked to take their music studies a little more seriously. Learning the fundamentals of music has also become a key area. Although they have been hindered by the fact that both groups are smaller this year, they have retained their professional appearance. The groups have sung and danced at the Christmas and Spring Concert assemblies. They have awed the folks of the Rotary and Pio Pico Women's Club. 1985 was an important year for the Choral Department. The foundation has been set for future concerts of success. Their musical season ended with a recruting campaign to increase the number of students in the department. The Choraleers were led by Rosa Angulo and Ubaldo Rodriguez.

Hey Laura,

Well we've had some good times together this year, but now it's summer and time for even better times. It's beach time for ya & your girls! Hug a woman you only left that suckers on the beach & call me when you're ready to boogie the summer away. So we'll have more fun this year. Love and friendship Charlene

SOPHOMORES

Great signs came from this creative class.

The Second Year At The Ranch

It has been a great honor being Sophomore Class President. In our second year at El Rancho, we have become a group who is not satisfied to only participate in school activities. We wanted to shape them, to mold them into something better, more profitable, and equal to all. We were unmatched in enthusiasm. The hard work put in by many Sophomores shows that we will be successful in future projects.

Because we are only in high school for a few years, we must plan to have as much fun as possible while working toward class of the year. We must try to combine both fun and hard work, and come up with success.

This has truly been a year full of memories. I would like to thank the Sophomore Class for being such "Super Sophs". Without your help and support, nothing would have been accomplished. It has been an honor to represent you.

The Sophomore Scene

Usually, the person who leads the masses gets all the attention. This is true with every class president to the president of the United States. No one really gives any consideration to the people behind the leader. Every class cabinet deserves some attention. Let us focus on one particularly hard working cabinet, the Sophomore cabinet.

Every president has a group of students who help out with any competition. It is up to the cabinet to carry out his or her orders and make sure they work. The cabinet must support the president in any type of situation. If the theme of a night pep rally requires dressing up in a bizarre fashion, the cabinet is sure to do it. Their efforts will not be in vain. The sophomore cabinet has been particularly helpful in supporting the president and the class.

Smile (n)- A pleased or amused expression of the face, characterized by a raising of the corners of the mouth; a pleasant aspect.

One of the Class of 1987's most pleasant characteristics is their smiles. Sure everyone who smiles can be considered pleasant, carefree people. Approach someone with a photographic instrument, there is a strong possibility that they'll smile and ham it up for the picture frame. Yet, the Sophomore class has the act of smiling down to an art. It seems this jovial class has a knack to look cheerful in any situation.

Whether it is lunch time, class time, or after school time, the Sophomore class seems to radiate happiness. This ability is also a plus when it comes to pep rallies, but that's a story to be told later.

Smile And Show The World You're A Sophomore

Are these 10th graders smiling? The second of four years of attending high school is over for this class. Being a Sophomore was probably the most difficult time they may have had in school. Adapting to a second year of schooling was more demanding academically.

Becoming more involved in school functions helped many Sophomores realize that there was much more to school then just work. Sports allowed these people to compete as individuals and also work together and add to the fun. Organizations gave them a chance to contribute to their school and receive a feeling of satisfaction.

Throughout the years, this class worked hard to build up the pride in themselves, their school, and a good reputation. These goals will be some of the important factors that will carry them through the next two years.

Intent on their drama scene improvisation are Veronica Gutierrez and Patty Delgado.

Sophomore Scenarios

Sophomores Put On The Hits!

Innovation is important to further a class's spirit and excitement in any competition. Imitation, they say, is the sincerest form of flattery. Well, on November 2, 1984, at a pep rally, innovation and imitation, blended to form an enjoyable class competition. With a little humor and sheer guts, four classes battled it out in a lip synch contest that did more than raise a few eyebrows and turn some heads.

Encouraged by a cheering crowd, Beatriz Cruz and her deliriously happy co-horts performed a wild send-up of England's hottest duo, WHAM! "Wake Me Up Before You Go Go" was the tune and the Sophomores "went went" over the comical edge. Although faced with tough competition, the Sophomores' imaginations, smiles, and outrageous dancing clearly won some kids over. The Sophomores remained true to form and scored another class hit.

Sophomores: They're Bigger And Bolder In '85

Sophomores. The scapegoats to both of the upper classes. They are the ones who face a different experience in one's high school years. They are no longer the new inexperienced students on campus. They are still called underclassmen and still have to battle with the kid image. However, this year's Sophomores have broken away from that image and have given the upperclassmen a huge run for their money.

With a determination brought forth by them all, the Class of '86 have proven to be one of the most out standing classes on campus their spirit was shown in such activities as the Homecoming pep rallies, food drives, and class skits. The Sophomores have shaken up the older more experienced class to a fearful pitch. As a result, they emerged as the movers and the shakers of the Ranch. And scapegoats they were no more.

Elena Davila asks, "Do I have to eat this?"

On Campus Eating Can Be Fun

One high school institution that always falls under the joke category is the school cafeteria. It seems that cafeterias across the nation are the key topics at high school reunions. "Do you remember the cafeteria food?", is the proverbial question and comments are sure to follow. It is a shame, however. Cafeteria workers are the unsung heroes on campus. Since they do prepare meals for over 2000 students on campus, one over looks their tasks. One class on campus seems to enjoy the cafeteria atmosphere and cuisine.

The Sophomores, like the Freshman class, are not allowed to leave campus for lunch. So they must remain on campus and do what ever they do to have fun. After sitting in class for four hours, anxious stomachs become the key activity as soon as the fourth period dismissal bell rings. It is truely remarkable what the Sophomores do for lunch. They converse while consuming cheeseburgers and corndogs. They socialize with sandwiches and direct their attention with huge drinks of orange juice. Lunchtime replaced the telephone as a means of social study. Not only does it offer good cuisine, but where else can you witness gastronomical gossip?

Pearl Chavez spends a pensive moment during lunch.

Hi Fi Smiles

With their Freshman year over, the Sophomores clenched their teeth and fists and moved on to the 84-85 school year. They quickly adjusted to the new challenges of El Rancho. President Beatriz Cruz led her class through a series of adventures. They showed extreme prowess in class competitions by nearly toppling the Seniors in pep rallies and the canned food drive. They also faced new academic experiences. Some Sophomores took Team while most took Driver's Ed. By the end of the year, the 10th graders joined the 11th and 12th graders in cruising Passons Blvd. As the year went on, the Class of 87 became more involved in such activities as ROTC, Band, Drill Team, and every major activity ERHS has to offer. Maybe that's why these Sophomores (below) are smiling.

Show Of Shows

"WHEN I GROW UP, I WANT TO BE . . ." was the theme for the 32nd Coed Capers. Although hampered by a smaller amount of girls than the past, over 100 coeds managed to produce a nice show. Under the direction of Miss Sandra Wilson, the 1985 Capers retained the traditional sparkle and sportsmanship. The girls dedicated themselves to make the show a success. Fund raisers such as bake sales and car washes helped out on many of the costs. All the groups were responsible for their costumes and every aspect that dealt with their theme. 1985 held a variety of firsts. For the first time in thirty-two years boys were allowed in the show as part of continuity. On Friday's performance all the hard work paid off. Sportsmanship, an award that all groups vote for based on amiability and work, was awarded to the Extremely Extravagant Entertainers. Third place was awarded to the Electrifying Energetic Engineers. Second place recipients were the Neat N' Niffty Nasanettes. First place was awarded to a group that has placed all three years-The Mentally Mad Scientists.

In 1982 a special assembly entranced our students. Known as the Sharp Hypnotist Show, it was the most popular assembly of the school year. It has taken that long to bring George and Joyce back for a return engagement shows. At the assembly Mrs. Sharp presented twenty of E.R.'s students braving the test of hypnosis. Some of our faculty also participated in the event. The amusing assembly demonstrated intersting facts about some El Rancho's students. The following week's evening performance provided humorous moments for an encouraging audience. George Sharp thoroughly explained hypnosis as an extreme form of concentration. As evident by the various commands voiced by the Sharps, the hypnotized participants were on a subconscious wavelength. Everyore from Burt Reynolds to Superman appeared.

Frank Martinez mixes the music as Adrian Lugo chants in order t keep the dancers' spirits high.

ery two or three hours the dancers were required to do 100 jumping jacks or run in place.

aving their feet massaged was an extra treat for the marathoners.

od, solid couple dancing and endurance were the keys for ank Toledo and Debbie Corrales to win first place.

Jimmy Delgadillo and Pat Cossio displayed enough smooth moves to garner second place.

Sparkles were the effect of the glitter ball and the subdued lighting added to the creation of a dance hall out of the cafeteria.

One of the most popular fads of the 30's was the Dance Marathon. American couples would dance for hours in what was probably a massive test of endurance. On March 23 fifteen couples embarked on the third semi-annual Drama Club Dance Marathon. This thirteen hour competition tested some of the most stalwart souls. Leg cramps and exhaustion ran rampant throughout the room, but a good time was had by all. Music was provided by Fantazee.

Debating The Issues

Once again, the Sherman Debates were the deciding factor in an extremely close race for Class of the Year. Since the points involved for first place, etc. are doubled, all the classes received a major chance to topple the Seniors from first place. 1985's topic was "Resolved: That the Federal Covernment should provide employment for all employable United States citizens living in poverty." The Sixth Annual Debates started off with a day-long debate schedule that put all the teams' strategies to the test. This event has been looked upon with high esteem and praise. The students learn the difficult art of arguing logically and strategically. Most of all, the students learned the basics of public speaking. For the effort and time that was put into the event, each student received a plaque. 1985 Debates coaches were Dr. Robert Hayes (Freshman Team), Mr. Jim Dyson (Sophomore Team), Miss Laurie Lane (Junior Team), and Mr. Brian Rich (Senior Team).

April 24, 1985 saw twenty-two members of El Rancho's Senior Class take over the City of Pico Rivera. Of these students, five were selected by the class to be the City Council. The same five went through the task of selecting the various positions that are vital to Pico Rivera's welfare. Their job was to experience the procedures involved with running a city and the responsiblity of their counterparts. Prior to the mock meeting, the seniors were required to find ways to improve Pico Rivera. These ideas were put to the approval of the council at their mock meeting. The students were not always hard at work understanding the theories of government. On April 18, 1985 all the students flew to our state capital, Sacramento. This trip gave the students a different perspective on government. It was a chance to see the California Legislative body function. Now in its 21st year, the Youth in Government program continues to bring out the leadership abilities of the students involved.

Winter's Bevy Of Beauties

The Don Radio Network sponsored many royal activities. Winterbelle is a tradition created by popular demand. Twenty years have passed since the idea of having more than just a Homecoming Queen for the school. Thus, the idea of the Winterbelle was born. Since that time, little has changed about Winterbelle. Usually six Senior girls were selected for the title, but there was an added twist in 1985. Eight girls were nominated by the Winter Sports and the 2nd period reps of all classes. The candidates were Sylvia Bagues, Gina Bounds, Selina Gutierrez, Debbie Ramirez, Gigi Reyes, Cristine Salcido, Vicky Takatsuka, and Martha Zavala. During During the halftime of the game against Montebello, 1984's Winterbelle Magie Meza, reigned for the last time. Then the royal moment arrived. The crowd was on the edge of their seats as the drum roll announced Debbie Ramirez as the first princess. The crowd's excitement raised to fever pitch as the second drum roll echoed through the Don Gym. Vicky Takatsuka's name boomed through the public address system and she was crowned the second princess. Finally, the big moment arrived. The arrival of the 1985 Winterbelle Martha Zavala's name rang through the gym and the crowd excitedly acknowledged their approval.

Winter Formal Dance Is A Surprise Hit!

On January 19, 1985 from 8:30 to midnight, the newly created Winter Formal dance was held. Students were more than enthused about the dance as it was sold out far in advance. The traditional entertainment, a pop band, finally caught up with 1985 and a d.j., Black Tie, provided the sounds and lights. The general response to the change was that of approval. Those who attended enjoyed the Candlewood Country Club instead of the gym. This was a first in the history of the dance. A curious ritual developed, however. The Freshmen had their parents chauffeur while the Seniors enjoyed the luxury of limos.

Homecoming: The Best Show Of The Season

"Ladies and Gentlemen, focus your eyes on the center ring!" These words were heard over the airwaves as ERHS began its 1984-85 Homecoming. Entitled "The Greatest Show on Earth", the result would be an extravaganza that would put PT Barnum to shame. The Homecoming Assembly was the capper of a week long festival that included the Homecoming Games and the Night Pep Rally. 1983-84's Queen, Elinore Rodriguez, appeared for her last reign. The announcement of the princesses was done in the traditional manner. Yet, many students wondered what would top last year's helicopter and parachute show. The answer came when Michael Jackson (or a good lookalike) sent the crowd screaming as he danced to his biggest hits. By the time half-time arrived, the crowd was more than excited. A curious procession of jugglers, clowns, and an elephant started the show. Then, a hush fell over the audience as the lights dimmed and a grand fireworks show began. Finally the time arrived and Susana Espinoza's name blazed in the night sky as she was crowned Homecoming Queen of 1984-85.

Twenty Years Of Lipstick And Curls

1985 was the 20th anniversary of Powder Puff. Two decades have passed since girls through on shoulderpads and guys threw on what summed up to be a cheerleading uniform. For the second year in a row, Juniors have dominated this grid iron and lipstick game.

The Seniors pulled the first punch as the shocked the Junior defense by scoring a touch down off the kickoff. The second half brought an interception and 2 fumbles that allowed the Juniors to score twice. The result was a 16-8 Junior victory.

E.R.'s Concert Choir musically define Christmas

The 1985 Christmas Concert was another chapter in a continuing tradition. This year's production featured the Choraleers, Choir, Drama Dept., Drill Team, Band Auxiliary, and the Band. Under the direction of Chris Whalen, Gail Brandon, Sandra Wilson, and Stan Wlasick, a new type of entertainment was unleashed. Highlights of the production included old standards such as Jingle Bells Jazz!, White Christmas, and some modern favorites (the Carpenters "Merry Christmas, Darling") The Drill Team and Band Auxiliary combined to entertain the crowd with their Merry Christmas Medley. Some of E.R.'s faculty lended their talents which pleased and surprised many of those who attended. And in the true Christmas tradition, the Drama Dept. performed 'Twas the Night Before Christmas, complete with breakdancing reindeer. The Christmas Assembly was a success and a nice time was had by all.

The Don Radio Network prides itself on its committment to artistic excellence. 1985's Class skit competition may not have been of a Gone With The Wind-caliber, but the classes sure tried. The four productions aired were:

"If High School Were a War, the Juniors Would Win!" (Rivas-Money is Everthing Productions) A madcap spoof of war and Mister Rodger's Neighborhood.

"The Senior Swan Song" (Homegirl Productions) A series of audio viginettes that depict the life of a high school student. Several hits were to be heard on the soundtrack which represented a certain time in high school. An interesting combination of music and comedy with a princely finale.

"The Reunion" (Mid-Life Cirsis Productions) The Sophomore class looks into a crystal ball to find out what life holds for them at 40.

"We Are the Freshman" (Dalt Wisney Cartoons) The first radio play that tears down the Freshman stereotypes among other things. Concludes with the rousing theme song, "WE ARE THE FRESHMEN!"

All four presentations were judged according to audience appeal, originality, and message promoting school. The result brought many surprises. Ratings were especially high for two classes. There was a close margin of ten points. The Seniors ran away with the competition. Their humorous skit was given a good run for the money by none other than the Freshman class. The race for class of the year was further intensified as both classes struggled for first place in other competitions. Things were definitely buzzing around the Senior and Freshman channels.

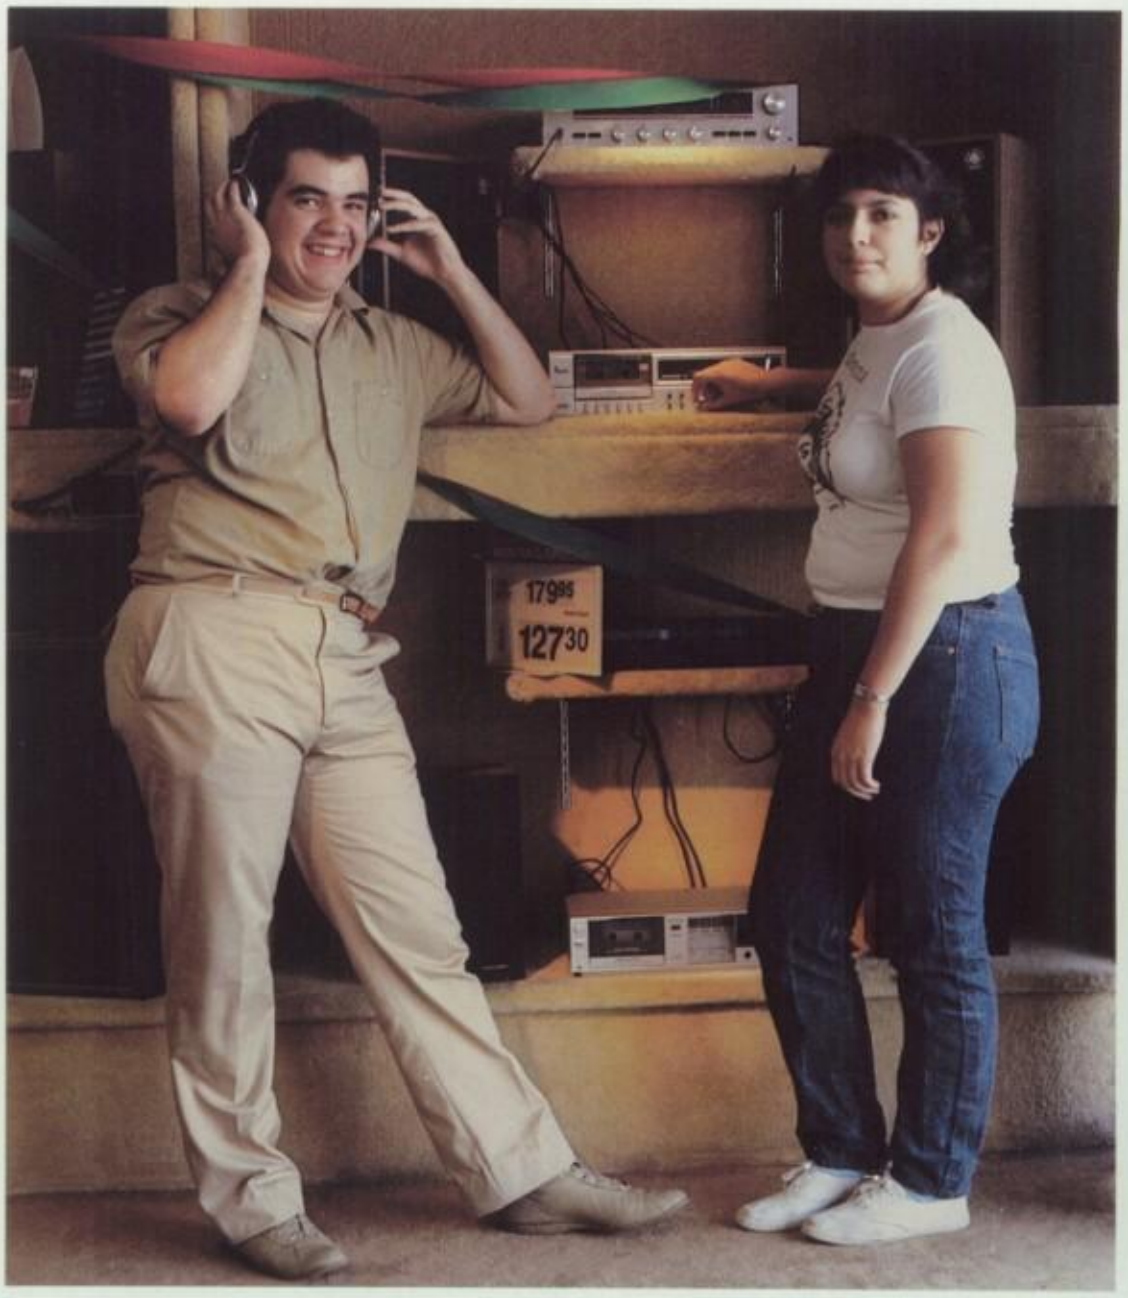
Jesus Gonzales and Beatriz Cruz discuss the problems of the real world.

Dion Medina, as Mister Rodgers, narrates the Junior Class skit.

Por El Año: Where The Don Beat Began

Creativity, Imagination, Hardwork, Annual Staff. Put all these words together andwhat do you get is nearly a whole year's work as an Annual Staff member. 1985 proved to be a challenging year for the Por El Ano Staff. "And The Beat Goes On." is the culmination of an intensive year of production. To create such an innovative book was no mean feat. It was our goal not to make our 1985 Por El Ano not just another year book. This yearbook had to be special. We had to make it a memory. Actually this book is a lot of books. It is for anyone who truly enjoys the Don experience and wants a momento of some memorable times.

The staff worked hard, we often had to stay afterschool, during lunch, and on weekends to insure the best results for the yearbook. The process was painstakingly slow at times, but we endured the pressure of deadlines, of finding unfinished work at critical moments, captions, and headlines, and the true bear of a job, writing copy. Yet, we succeeded in producing the best book possible. This book is for those of you who loved the El Rancho experience. This should make you laugh, make you wince, get you excited or agitated, and make you think what a great year 1985 truly was. "And The Beat Goes On." is a tribute to what happens on campus and the luxury of opportunity we really have.



Jorge Carreon and Lia Lopez tune into the finer points of annual.

Lia Lopez carefully explains to Caroline Ramirez how to create a layout.

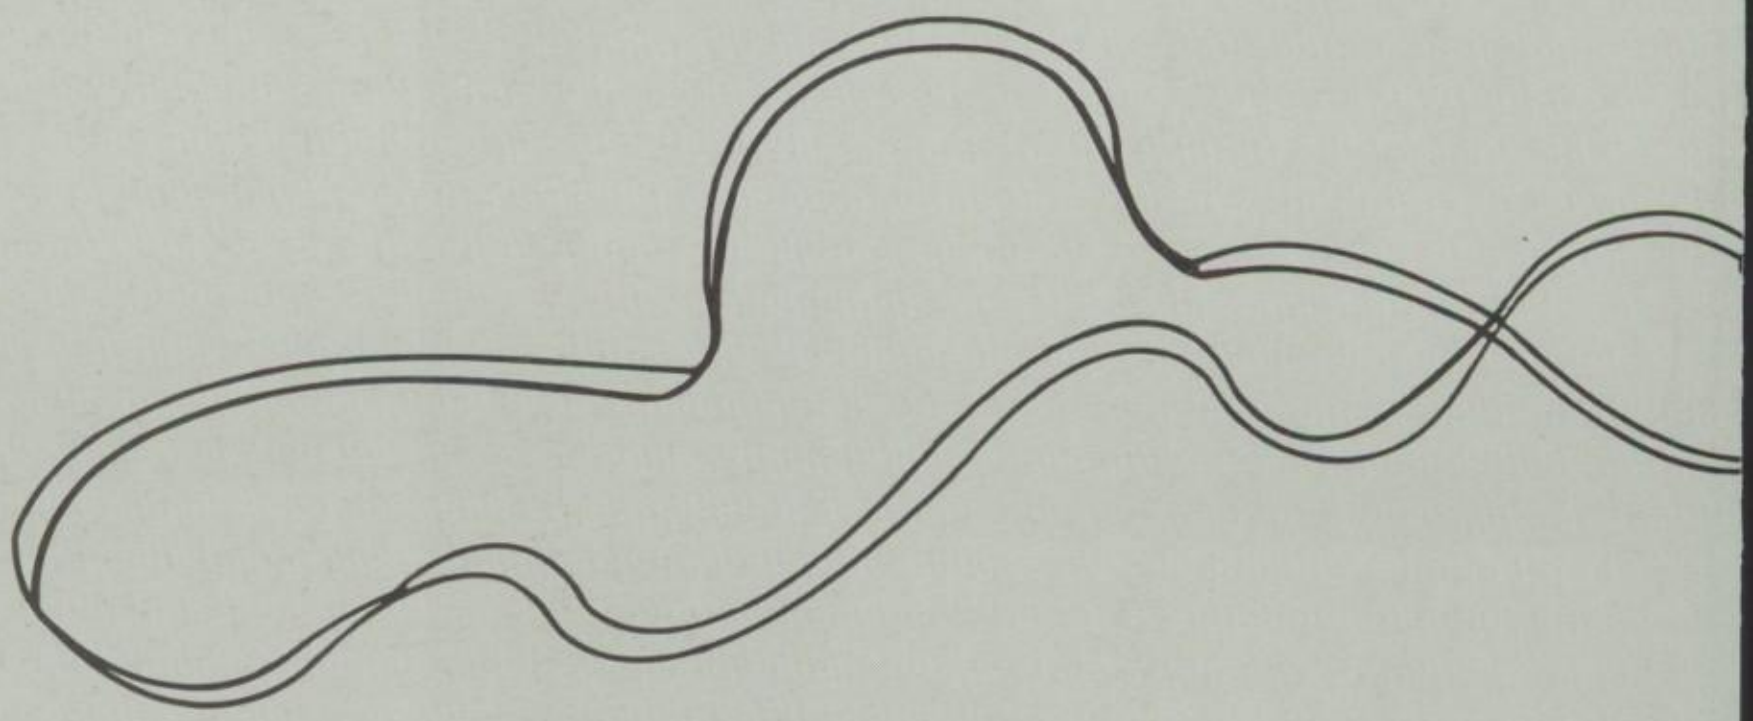
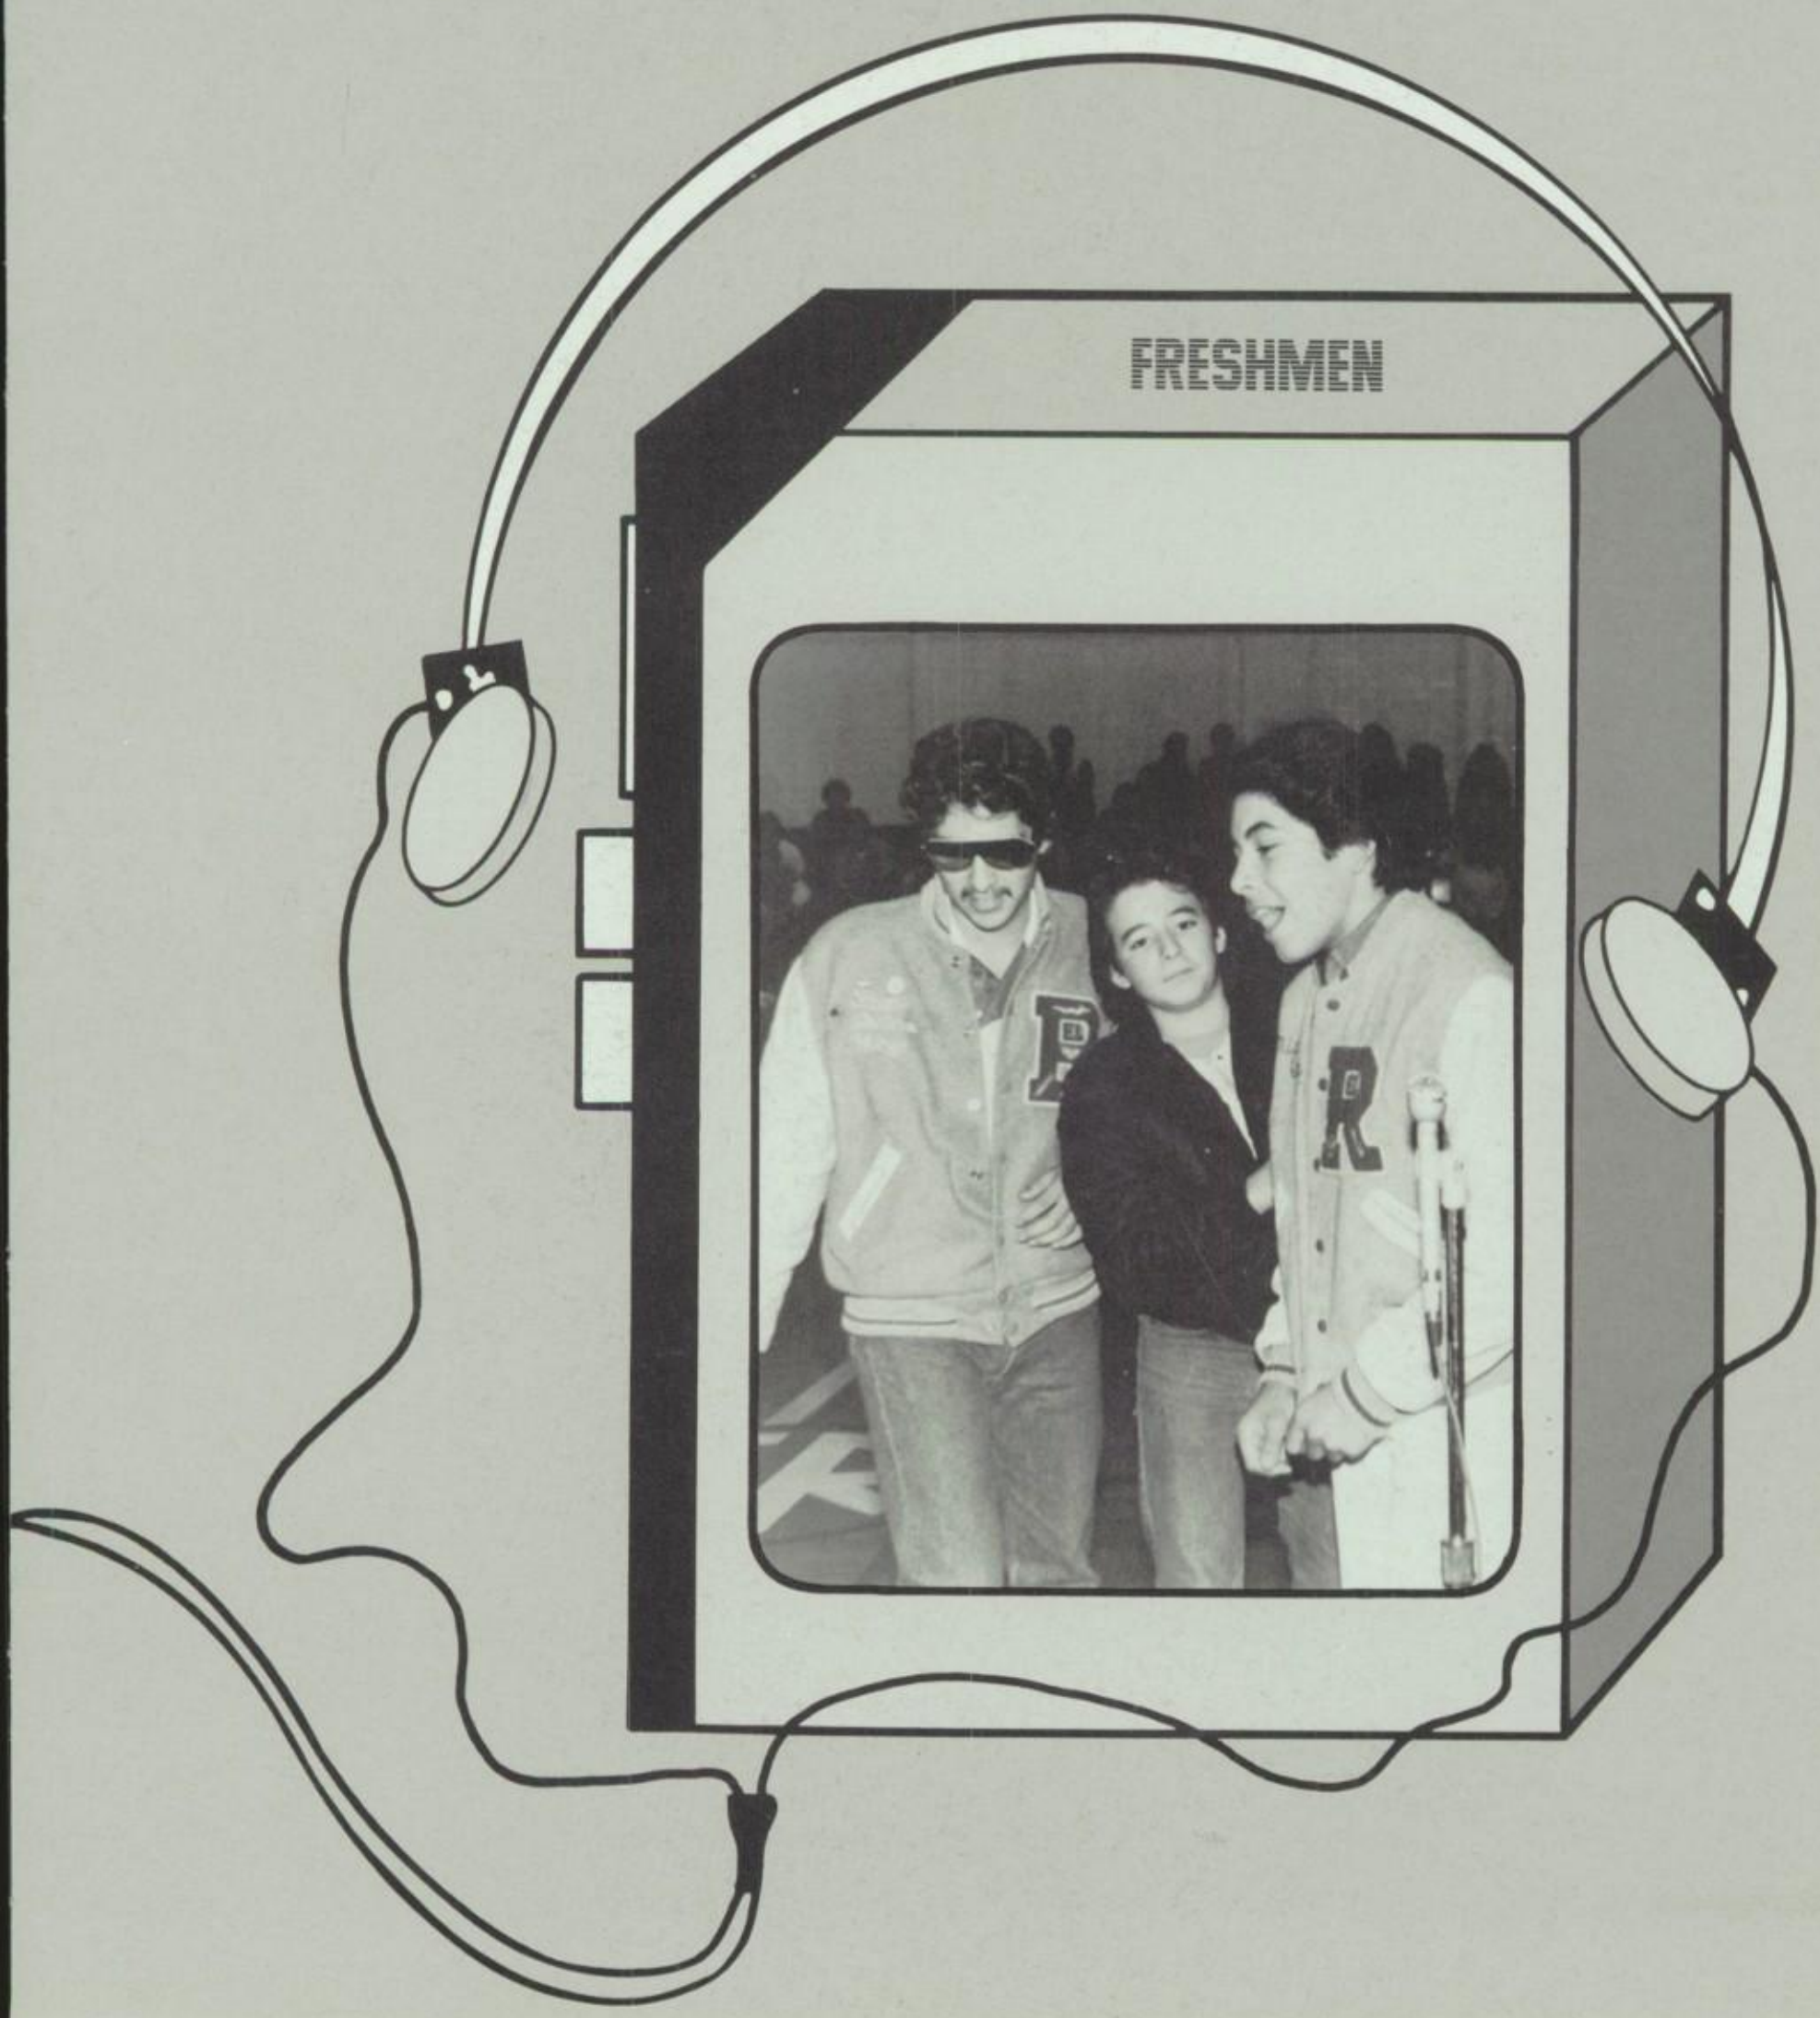
Ruth Arroyo: Annual Staff member and proud of it.





FRESHMEN

The New Kids On The Block

Freshman Class President- Christy Gomez

As Freshman Class President, I have seen and experienced things that have made my Freshman year memorable. I am very proud of our class. We showed E.R. pride right from the start. Inexperience in everything from understanding Blue Pride to respecting the Alma Mater, was our greatest obstacle. Yet we learned, listened, and finally understood the E.R. experience. It was also great to see how we adapted to this new environment. Middle school never looked or felt like the Ranch, but that is behind us now. Adapting to new rules and older students has been completed and the rest is history.

Sincerely,

Christy Gomez

How To Fit In In High School

Among the hardships of entering a new school are: Battling gargantuan lunch lines, rules that are similar to Alcatraz's regulations, and teachers that assign homework developed by the Rubik's cube creator.

But when you are the new kid on campus, looking cool is harder than the Rock of Gibraltar.

When you are a stranger in a strange new land, it sure helps to show you are just as cool as the other guy. It may not matter much in elementary or middle school, or even pre-school. Yet, once a person reaches high school, a transformation occurs. It is called fashion trends and that person will never be the same again.

Some students even enjoy wearing the latest in Diablo Canyon nuclear colors. (The student body perfers glowing for recreational purposes).

May it be square checks, plaid, or stripes, articles of clothing express individuality among the masses.

If you prefer heavy metal, gothic punk, mod, or preppy, be assured that you will find one way of fitting in the main stream of Don Life.

Freshmen: Wrapped Up In Their Studies

Eileen Bravo mummified at the load of homework.

Studying is one of high school's most time consuming activities. Yet, it is one of the most rewarding. A student may grudingly attack his work but he/she knows the pay off occurs on graduation. For the 1984-85 school year, graduation requirements have been scrutinized closely. And for the Class of 88, graduation requirements have increased considerably.

For the graduating Class of 88, completion of a total of 220 semester credits during grades 9-12 will be mandated. Subject requirements are a little more demanding. You must complete the following:

4 years of English
3 years of Math
2 years of Physical Education
1 year of Fine Arts

a semester of Driver's Ed/Health and a semester of Dollars & Sense.

With gripes and complaints over, be assured Freshmen, when it is your turn to receive your diploma on that June day, you'll know it was all worth your while.

Best New Act For 1985: Class Of "88

Amidst a series of school closures and re-established grade levels, a fiery new group was in the preparatory stages. Something ferociously powerful was lurking behind the gates of the middle schools. Even the Freshmen forerunners of 87 could never deny what the Freshman Class of 1988 would accomplish.

As the Freshman Class appeared on September 10, 1984, expectations ran high. And the Class of 1988 would deliver.

The Freshman's first success occurred as soon as the year began. They had scarecely picked up a regular school routine when their debut at the Welcome Assembly rocketed them to the top of the class charts. The Class of 88 had actually tied for first (with the Sophomores) in the competition cheer. This thoroughly rattled the older, more experienced acts on campus. The Freshmen and El Rancho had taken each other by pleasant surprise.

The Story Continues . . .

Since that memorable day, the class of 1988 has continued to succeed in various pep rallies starting with 2nd and 3rd places. What is more important, the majority of the class seems to have adapted to their new supportings. The Class of 1988 has made great strides in joining organizations participating in sports and supporting the school in general.

Will this continue in the Freshmen's next tour of El Rancho when they are Sophomores?

The 1988 invasion has begun . . .

Demonstrating the Freshman Strut are Michelle Zorrilla and Rosalinda Farfan.

Doing The Freshman Strut

Body Language is a curious way of expressing oneself. Your body can actually show how you feel by mere gestures. The way you stand and the way you walk can say "Hey, I'm Bad!" or "I feel lousy". However, in this regular culture club known as El Rancho, each class has its own individual look, sound, and even walk.

The Seniors have the "We're the best thing since Wonder Bread" strut. The Juniors and Sophomores follow along these lines except they are a little more reserved. Yet, the Freshmen, the newest members on campus, seem to project an extreme positive stance.

Just look at Michelle Zorrilla and Rosalinda Farfan (above). Examine the straight forward expression on Michelle's face. She's ready to conquer the academic world of ERHS. That is the same case for the Freshman Class.

If you want to learn about the finer points of body language, just observe a nearby Freshman.

Keeping The Class In Stitches

Humor is a very important part of life. To be able to laugh at anything is one of life's greatest pleasures. Yet, a sense of humor mixed with liveliness is twice as good. The Freshman Class seems to have mastered mixing humor with liveliness. As the following photographic memories show, no matter where Freshmen are, you can bet that they'll have a smile on their faces and a giggle in their hearts.

The Freshman Class smiles their way through another cheer!

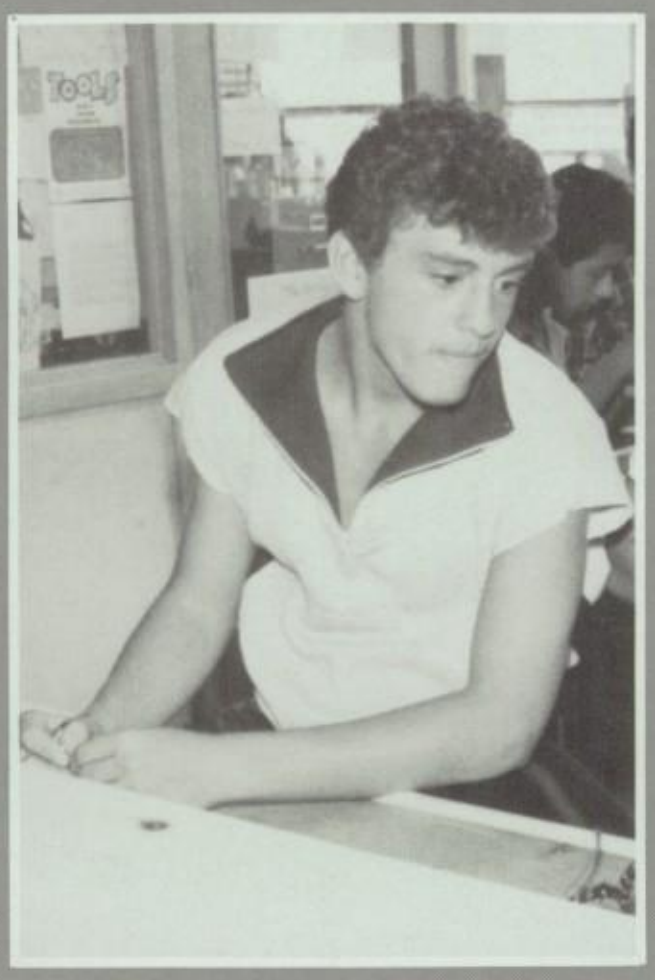
Darlene Hernandez joyfully sews away.

Freshmen: The Metal Masters

Who ever thought that Metal means more than an important industry. Metal, according to some of the members of The Class of 1988, seems to be a musical trend. While some people may frown upon the Metal look and music, it does seem to be favored mode of entertainment among a good number of Freshmen. Yet there are other forms of enjoying Metal.

El Rancho's vocational art programs are among the Freshman males. As the sprightly curriculum brochure explains: "The Industrial Education Program is intended to broaden a students general education by exploring industrial work. By using tools and materials, and by doing shop work, the student learns which he/she is best adapted to."

Whether you should want to be apart of Motley Crue or on the Pittsburgh Steeler Crew, there might be a career in Metal out there suited for you.



Mulling over some Metal trade is Andre Popa.

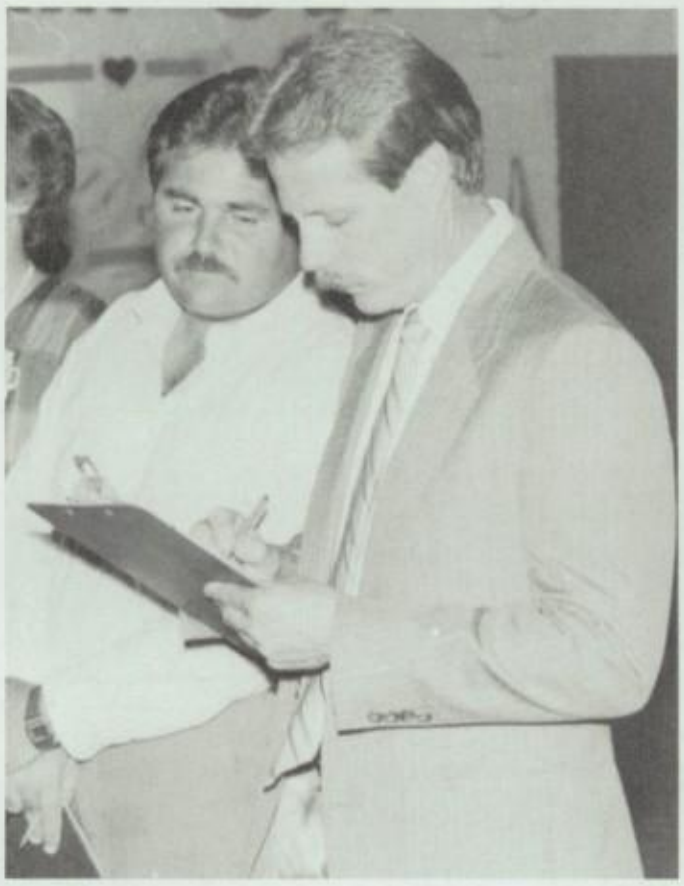
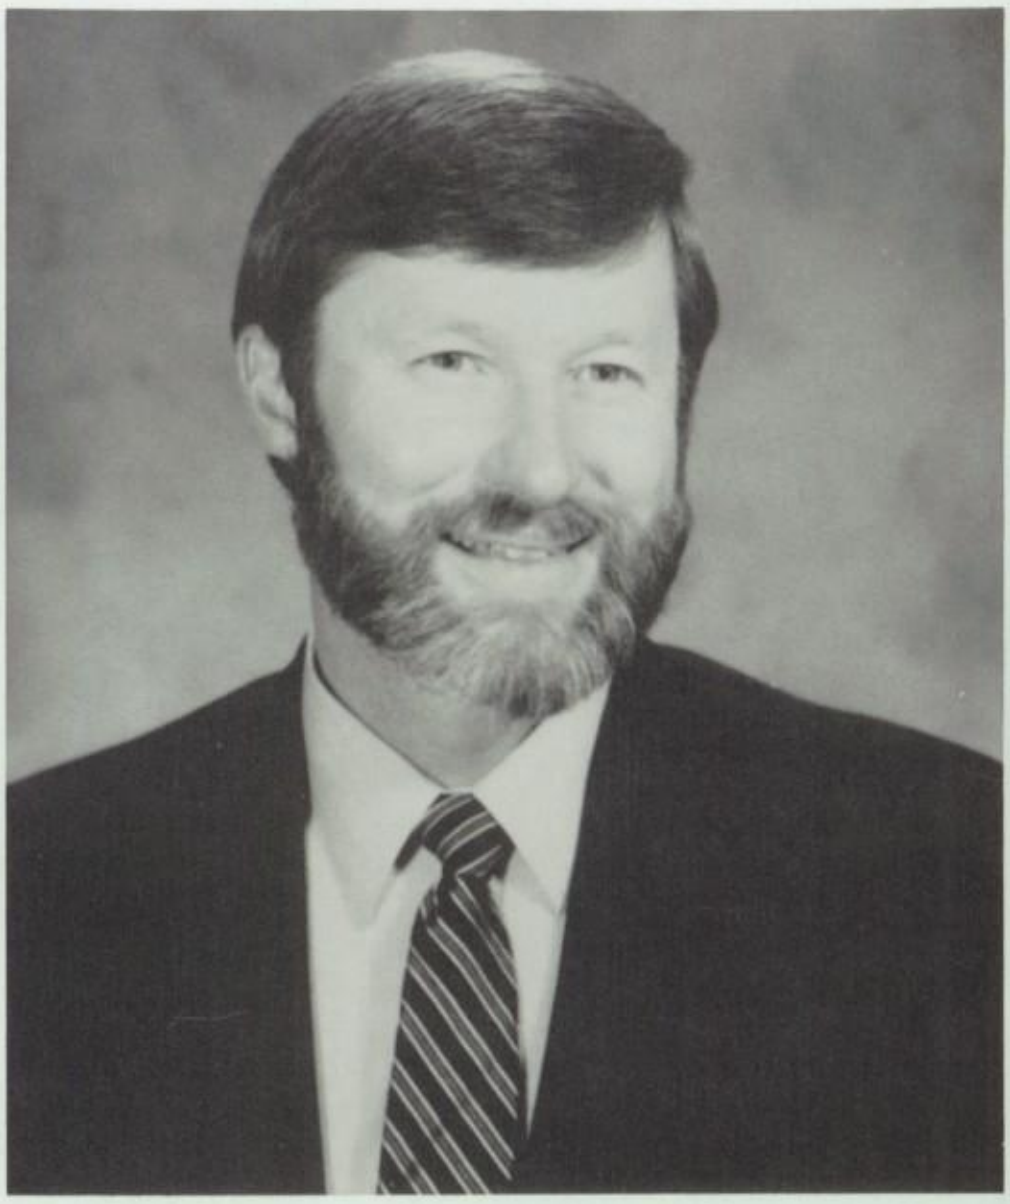
FACULTY

Administering To Four Classes Is No Easy Task



Mr. Yessian looks over Mr. Bertrand's shoulder as the classes are evaluated during a pep rally.



John Sherman - Principal

In his continuous quest for academic excellence on the part of the students, principal John Sherman has led the way for many "firsts" in the field of academics. Our academic decathelon team placed on the top fourteen schools in L.A. County. The senior CAP scores were up measurably from last year. Both of these accomplishments are proof that Mr. Sherman's stress of academics has paid off.

Both of the assistant principals have contributed to our smooth running high school. Anne Sonnefield's extensive background in teaching English has aided her in improving and extending our curriculum. In his first year as assistant principal of guidance, Bill Bertrand has spent many hours on campus organizing the guidance and attendance offices. He is dedicated to lowering our absentee rate.

Mr. Sherman joins Mr. Peterson and student leaders in the flag salute during the Welcome Assembly.

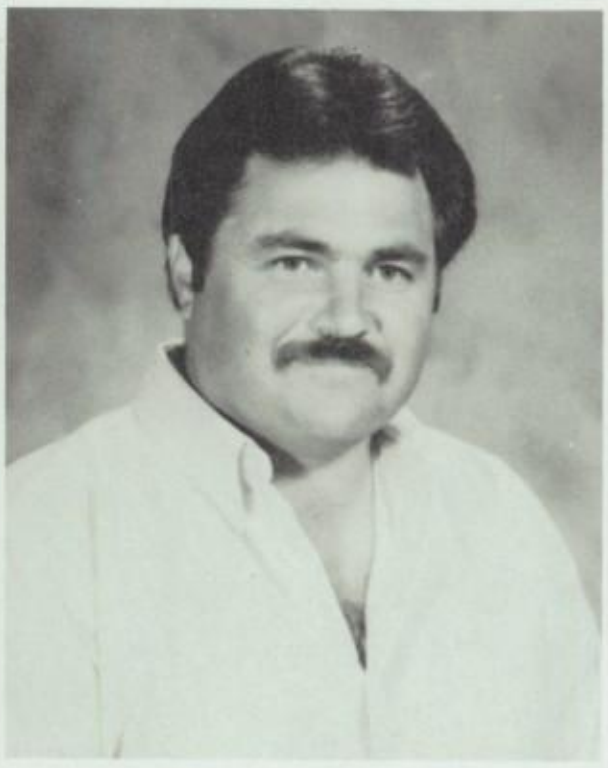
Deans And Counselors Allow For No "Static"

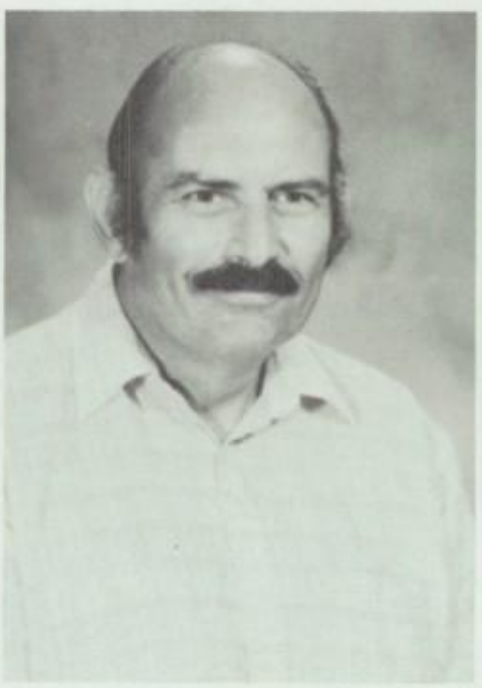
Donald Bruhn - Dean

Jim Marin - Dean



Harry Yessian - Dean

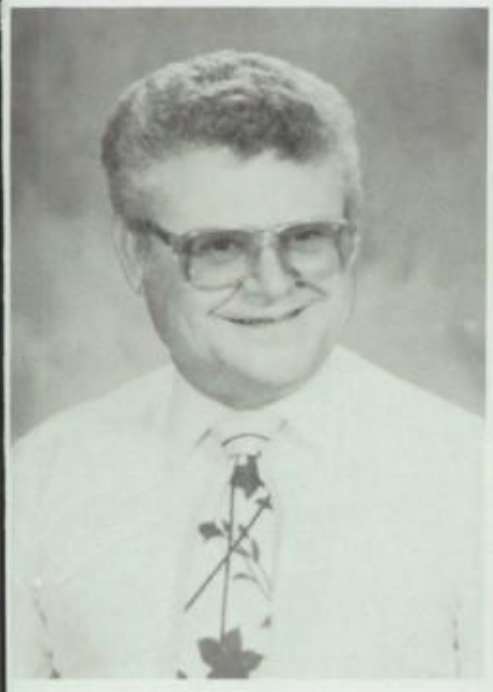
Del Bock - 12th Grade Counselor



Leon Getz - 10th Grade Counselor

Bob Lies - 11th Grade Counselor

Lawrence Richards - 9th Grade Counselor



Robert Hayes - College and Career Counselor

Dolores Medrano - Nurse

New to their positions this year, our three Deans became quickly integrated to the Guidance Office regime. Disciplinary counseling as well as supervising students during lunch and after school took much of their time.

The four class counselors spent much of their time handling program problems and student concerns specific to each class. Proficiency testing took much of the time of the underclassmen counselors and making sure students were on track in terms of graduation requirements occupied the time and energy of the other class counselors.

Dr. Hayes was kept very busy in the College/Career Center. Seniors depend on him to guide them toward a college that will fill their specific needs. As the school nurse, Mrs. Medrano manages the Health Office.

Willing To Help

Mrs. Payne's advanced clothing class is popular among industrious students.

Every year the Por El Ano staff tries to present something different in the faculty section including their favorite hobbies, degree, and the University they attended. This year, to tie in with the Radio Theme, Por El Ano thought it would be interesting to find out what are E.R.'s teachers favorite song. The results were quite revealing. Everything from Lionel Richie to Johann Sebastian Bach was written. Our faculty members enjoy many different areas of music. They listen to more than KFWB and KBIG! Also in included are their areas of education and their Alma Maters! Read this section and tune into the teachers beat.

Beyond The Call Of Duty

Teaching staffs are made up of a variety of people. Yet, there is a special brand of teachers that goes beyond tests, lectures, and homework. Every campus has a teacher who literally is your best friend. These teachers take the time to help with your problems, concerns, and complaints. Some teachers enjoy taking part in campus activities. They usually help cheer at pep rallies, judge class competitions. Sometimes teachers take the position of class advisor, or club advisor. The important part is knowing that these special instructors add more to our education than just 2 + 2 and abc's.

Teaching: One Of Life's Noble Professions

Some professions do not require anything but showing up to work. Other professions require an extensive background and education. Teaching might be one of lifes noble professions; more so than a doctor and lawyer. A doctor saves your life of treats ailments. A teacher creates your future so that you too might become a doctor. A Lawyer fights to protect your freedom. A teacher fights to make sure you receive an education and understand what freedom means. Amidst battles for higher pay, better job environment, and stubborn students, the true reason for being a teacher means more. Life is full of professions that help mankind. Yet, there is no profession that furthers mankind in every aspect of life like teaching.

Sophomore Team students benefit from Mr. Osterman's extensive knowledge of history.

Techniques To Hold Attention

A teacher wears many different masks. These identities are very crucial in holding the attention of the class. Once the bell rings the teacher might transform into a Drill Sargeant. This is the extreme form of getting attention. Or he might become the entertainer. This is probably the best way to hold the attention of a class. The entertainer can be broken down in several other categories. One way to entertain the class is to be a comedian. This makes any lecture more alive and exciting. If the comic approach falls flat, the instructor might turn to drama. This teacher makes every lecture, quiz, or discussion a true performance. He talks loudly, clearly, and with a certain scholarly approach. Being different everyday keeps any class on its toes.

Mr. Sutis explains how the torch works.

Board Of Trustees

The responsibility of guiding the school district in an upward and positive direction lies with the Board of Education. These seven Pico Rivera citizens are elected by our own community to serve as the "Lay Leaders" of education. They spend much of their time meeting, conferring with educators, and visiting school sites.

In this first year as superintendent, Thomas Sakalis has done an excellent job bringing unity to our district. He has been a part of this district since its inception and he is a strong leader who encourages educators to perform to the best of their abilities.

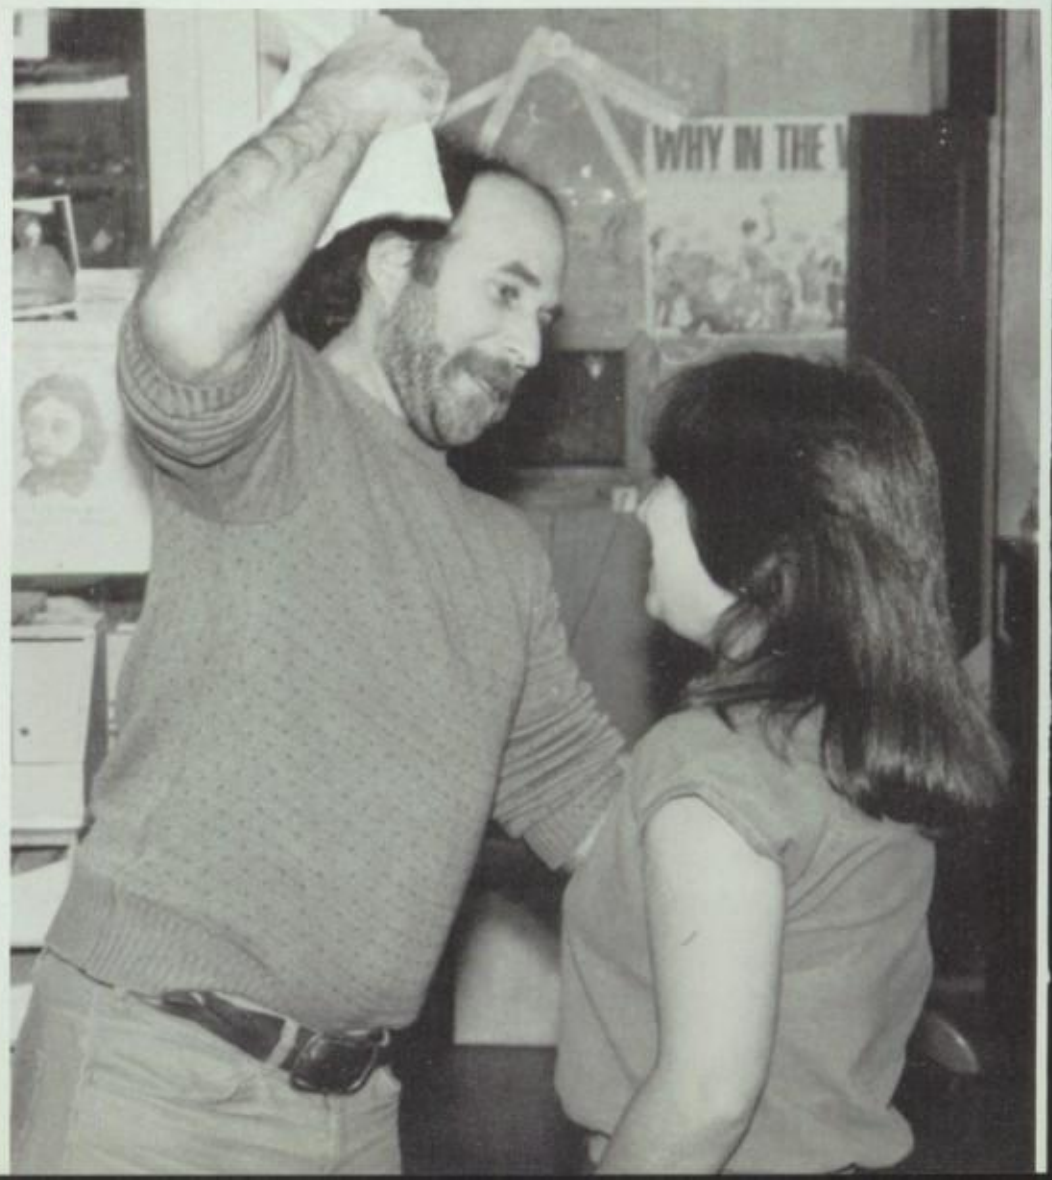
Unusual People Who Comprise The Don Family



Finally, the conclusion to another chapter in the neverending story of El Rancho High School. Por El Ano treaded new ground in 1985. The aurally sensational, "And the Beat Goes On" was a 300-plus page sign of the times. While we have come a long way since our humble beginnings, every passing Don generation has brought its own version of Blue Pride. The Senior Class battled "senioritis" to conquer every pep rally and top the charts for most of the year. The Junior Class made great strides in '85. The Sophomores finally understood what it means to be a Don and taught some of the upperclassmen a few things about blue pride also. Yet, the surprise act of 1985 was the Freshman Class. Not only did they give the Seniors a run for their money, they have become the hope for El Rancho's future. 1985 was definitely a smash hit.

The Dedicated Few

This collection of memories was brought to you by some very special people who went beyond the call of duty. A special award to the following annual staffers:

Cristina Salcido- The IBM Selectric Typewriter Woman of the Year Award. Also, the National Enquirer Medal for the most gossip said in ONE DAY!

Linda Parra- The Indiana Jones Award for coming through during the roughest of deadlines.

Yvonne Vargas- The Speedy Gonzales Medallion for the most layouts attempted within a single school year. Also, The Houdini Badge of Honor for the most pictures that were never taken.

DeAnn Soto- The Christie Brinkley Award for the most pictures taken of her during a single day. Also, the Sesame Street Award for punctuality.

AnnaBella Ordonez- First Place in the Sandra Wilson Look-A-Like contest.

Caroline Ramirez- The Wall Street Woman of the Month Award for most ads brought in within a single day.

Ursula Ulibarri- The Joan Rivers Certificate of Merit for the most original verbal abuses repeated in a single hour. And, the Josten's Purple Pain Award for helping out the staff during her scant periods of relaxation.

Special recognition goes out to Sylvia Vela, Ruth Arroyo, and Cynthia Cornejo. And a special certificate to Gabriel Teran for trivially pursuing his annual assignments.

Ms. Yolanda Jauregui- The Kodak Award for the most pictures she took of DeAnn Soto. There would not have been visuals without her.

AND

Ms. Julie B. Ellis- The Gandhi Endurance Award for putting up with us and a thank you that does not express how much she dedicated to "And The Beat Goes On!" Without her, there would not have been a book. We hope this beat is a hit with you.

Or help one fainting robin

Give me the strength to be gentle,
The wisdom to be confused.
The right to be wrong on occasion,
The sense to know when to love.
Give me the time to be patient,
The courage to be afraid.
Give me the eyes of a child again,
To see the world - a different world
A world that can still be made.

To Clairabell

Hi Sis!

Im sooo happy 4 NO MORE School. well I can't say I hope you have a cool summer cause I already know you will cause will be partying all summer long at the beach and of course at your pad! So girl how was your year Mine was pretty cool I mean the ~~[illegible]~~ weekend they were the best. We have those memories forever. you are one of me closest friends. eh you now have anything to talk about you know Im there for you. I still cant believ PARTY and most of all MAIDEN Days girl I cant believe it. Next year were going to be Seniors. Will after it that me and you are going to get ass in gear and get an apartment. I want you. I think I can hang here with you Im always at your Pad anyways. But we got to decide ~~[illegible]~~ what were going to do with are lives. One thing I promise you Sis is all graduate. We'll be succesful in life we'll show them all we can do it Sepcially are parents. I mean those crazy Partys were going to travel. Get toasted. Oh and Im sorry about not finishing your last year and. Ill finish this one. this summer is going to be to crazy most of the summer. We'll be forever toasted. and hitting the beach when we cant stand the heat. Claire dont ever change your way stay the way you are sweet and a Party Animal like me. thanks for being there for me when Im upset about Robert which is half the time. I hope you find some one really love and that will love you back but Please dont fuck up cause anything is going to good. I know you still love and but youll get over it in a couple of years (eh) Ill help you out if you have any problems with your new lover. I hope this summer goes by really slow as slow as possible. Im not even going to think of school for the whole summer except for summer school. But that dont bother me to much. well Im going to pass see ya later Claire

Love you lots
